## **Luigi Busetto**

**Pro- Rector, University of Bologna**

**National Coordinator of IT-SUSCHEM**

## The achievement of IT-SusChem objectives implies that

1. The **European Union** *would recognize* the efforts made by the Italian SuSChem Technology Platform aimed at bringing together the industrial and the academic research;
2. **All the stakeholders** involved in supporting and interested into the IT-SusChem activities *would understand* that this system is the only tool available for replying in a industry - research concerted way to the Italian needs and specificities of its own Sustainable Chemistry sector and thus promoting the economic growth of the Chemistry Industry.
