Social-security contributions are deducted monthly from the gross scholarship by the University on behalf of the PhD candidates. Scholarships are paid to PhD candidates on a monthly basis, in arrears (payment is completed not earlier than the 25th day of the month).

The yearly gross amount of the scholarships awarded within the framework of the PhD Programme in “Data Science and Computation” and “Health and technology” is € 19,367 (gross amount including the taxes incurred by the receiver).

The payment of the scholarship is conditional upon the completion of the enrollment procedure referred to in art. 7 of the present Call. For non-EU citizens, this shall include the submission of the copy of a valid permit of stay or the receipt of the request for the permit of stay.

The payment of the scholarship shall be performed after the PhD candidate has duly communicated his/her IBAN code or the IBAN code of a bank account of which s/he is co-holder.

The scholarships are subject to the payment of the INPS social security contribution (Gestione separata INPS) according to the relevant legislation into force. Such a contribution is paid as follow: two-thirds to be paid by the University and one-third to be paid by the scholarship holder. PhD candidates enjoy the related rights and safeguards.
Should the agreements with third parties aimed at financing PhD positions with scholarship not be duly completed by the 31/10/2018, the relevant positions shall not be awarded, although indicated in the PhD Programme Table.
