

PERSONAL INFORMATION

Irene Maja Nanni

WORK EXPERIENCE ON SCIENTIFIC FIELD

2016- present	<p>Postdoctoral fellowship</p> <p>Department of Agricultural and Food Sciences (DISTAL), Plant Pathology Laboratory, University of Bologna.</p> <p>Contact person for the molecular biology unit</p> <p><u>Main activities:</u> development of real time technique relevant for genetic mutations correlated to fungicides resistance, i.e. screening of SNP's mutations, protein purification, docking studies.</p> <p>Development of new protocols for DNA and RNA extraction from spores. Fluorescence microscopy, ddigitalPCR.</p> <p>Supervising of student teaching techniques and organizing activities, managing lab supplies and equipment maintenance.</p> <p>Author, co-author and editor of scientific articles, involved in European projects.</p>
01/2013- 12/2015	<p>Enrolled in the PhD program of Agricultural, Environmental, Food Science and Technology</p> <p>PhD project: Study of CAA (Carboxylic Acid Amides) fungicides activity in Oomycetes.</p> <p>PhD thesis: Sensitivity studies of <i>Plasmopara viticola</i> to CAA fungicides: <i>in vivo</i> test and molecular studies of PvCesA3 gene</p>
01/2014- 01/2014	<p>Experience abroad and Award: Awarded with Marco Polo Fellowship from University of Bologna and selected to work on EMBL</p> <p>Internship at European Molecular Biology Laboratory – EMBL - M. Wilmanns Group, Structural Biology Unit.</p> <p>Project: DAPK2 protein death – associated protein kinase.</p> <p>Main activities: protein production, protein expression, crystallization trials.</p>
06/2010 - 12/2012	<p>Scholarship recipient</p> <p>Scholarship recipient – 2-year award for the development of <i>ex novo</i> protocol using quantitative PCR, Department of Agricultural Sciences (DIPSA), Plant Pathology Laboratory, University of Bologna.</p> <p>Role: Biologist and contact person for the molecular biology laboratory. Development of new protocols for DNA and RNA extraction from spores.</p>
08/2009 – 09/2010	<p>Internship</p> <p>Internship - Specializing biologist in molecular biology within the Virology Unit - Department of Hematology and Oncology "L. and A. Seragnoli ", University of Bologna - St. Orsola – Malpighi Hospital, Prof. Maria Luisa Zerbini.</p> <p>Activities in the research of human papilloma virus (HPV).</p> <p>Thesis title: "Studies on expression and integration of HPV mRNA E6/E7 in the evolution of cervical cancer"</p> <p><u>Main activities and knowledge:</u> studies of the integration of the viral genome, gene expression studies in pre-neoplastic lesions and dysfunctions, extraction of nucleic acids from tissues and cells, manipulation of cell culture, quantitative and qualitative PCR, bacterial cultures,</p>

09/2006 to 08/2008

transformation, transfection.

Internship

Internship before and after graduation, collaborating on research projects at the Molecular Biology Unit, San Raffaele Scientific Institute in Milan - Dr Vito Lampasona (Molecular Biology –Unit), Dr Lorenzo Piemonti (Beta Cell-Unit).

Activities in the field of type 1 diabetes.

Thesis title: "Expression studies of microRNA in β-cells".

Laboratory activities studying the gene expression of ductal and non ductal carcinoma.

Main activities and knowledge: extraction of nucleic acids from tissues and human, rat and mouse cells, quantitative and qualitative PCR, bacterial cultures, cell cultures, molecular cloning, transformation and transfection.

EDUCATION AND TRAINING

27/6/2016

Title of Doctor of Philosophy - Doctor Europaeus Microbial Ecology – Plant Pathology curriculum

PhD thesis: Sensitivity studies of *Plasmopara viticola* to CAA fungicides: *In vivo* test and molecular studies of PvCesA3 gene

University of Bologna (Italy)

2007

Bachelor's degree in Biology (1st degree EQF 6)

Thesis title: " Expression studies of microRNA in β-cells" University of Bologna, Italy

2010

Master's degree in Biology (2nd degree EQF 7)

Thesis title: " Studies on expression and integration of HPV mRNA E6/E7 in the evolution of cervical cancer" University of Bologna, Italy

PERSONAL SKILLS

Mother tongue(s) **Italian**

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C2	C2	C1	C1	C2
German	C1	C2	C1	C1	C1
French	B2	B2	B2	B2	B2

Levels: A1/A2: Basic user - B1/B2: Independent user - C1/C2 Proficient user
Common European Framework of Reference for Languages

Communication skills

- Conscientious, driven team player, with good problem solving, decision making, and professional communication skills

Organisational / managerial skills • Committed to driving student learning through mentorship, instruction, modeling techniques and tools, offering practice, and providing detailed feedback.

Driving licence Category B

ADDITIONAL INFORMATION

Publications	Teaching Activity 2010/2011 Academic seminars on: molecular methods of mutational screening, In particular molecular techniques.
Presentations	
Projects	Teaching Activity 2011/2012 Within the course of Molecular Diagnostics and Plant Epidemiology held by Prof. Bertaccini: theoretical and practical seminar on Real-Time PCR.
Conferences	Teaching activity 10/2014 – 04/2015 Adjunct professor of Microbial Forensic SSD BIO/19 in: "Application & technologies for scientific investigation," University of Florence, Italy.
Seminars	
Honours and awards	
Memberships	Tutoring activities Work closely with students regarding the use of molecular techniques and instrumentation; interpretation and <i>ex novo</i> design of molecular protocols
References	
Citations	
Courses	

Selected oral presentations

"Efficacy of CAA fungicides on CAA resistant Italian populations of *Plasmopara viticola* at Resistance 2015 Conference - Rothamsted (UK)

"Efficacy of Carboxylic Acid Amides (CAA) fungicides towards CAA resistant and CAA sensitive *Plasmopara viticola* populations: *in vivo* tests and molecular studies on PVCesA3 gene" at 18th International Reinhardtsbrunn Symposium on Modern Fungicides and Antifungal Compounds" 2016 Friedrichroda (Ge)

"Effectiveness differences of carboxylic acid amide fungicides" at SIPAV, 19-21 September 2016- Rome (IT)

"Dimethomorph: an interdisciplinary approach through different plants and animal pathogenic oomycetes " at ECFG, 17-20 February 2020 Rome (IT)

Selected coursework and conferences

Conference participant and speaker at Modern Fungicides and Antifungals Compounds IX Reinhardtsbrunn Symposium, (2019)

Conference participant and speaker European Conference on Fungal Genetics (ECFG), Rome, (2020)

Participant at the GRIFA Summer School "Green Chemistry & one health perspective" 10-11 September, (2018)

Participant at the advanced school on protein structure and dynamics: from Spectroscopy to Mass Spectrometry, 27-29 September, (2017)

- Conference participant and speaker " 18th International Reinhardtsbrunn Symposium on Modern Fungicides and Antifungal Compounds". Friedrichroda, Germany (2016)
- Conference participant and speaker at Italian Plant Pathology Society conference 19-21 September – (2016)
- Summer school on X-ray radiation, CFEEL, Hamburg, Germany (2015)
- Organizer - seminar held by BIO-RAD on ddPCR, University of Bologna, Italy (2015)
- Conference participant at the IPPC –Conference Berlin (2015)
- Conference participant and speaker , International Conference "Resistance 2015" – Hertfordshire, United Kingdom(2015)
- Workshops and training held by Bio – Rad: ddPCR and data analysis, at University of Bologna (2014)
- Conference participant " Giornate Fitopatologiche ", Chianciano, Italy (2014)
- Course on protein expression: Protein expression, purification, and characterization _PEPC9 (2014)
- Course on Cell Culture - Prof Anna Bassi, University Of Genova, Italy (2013)
- Course on practical and technical microscopy, ZEISS, University of Parma, Italy (2013)
- Workshop Life Science Nextgene Sequencing technologies, University of Bologna, Italy (2013)
- Workshop on Pharmaceutical industry BASF – Germany (2013)
- Conference participant, Italian Society of Biology (2013)
- Conference participant, genetically modified lines : technical and managerial aspects, University of Bologna, Italy (2013)
- Organizer - seminar held by BMR Genomics Nextgene Sequencing and 454 platforms, University of Bologna, Italy (2012)
- Conference participant " Giornate Fitopatologiche " (2012)
- Workshops and training held by Bio –Rad: Real - Time PCR and data analysis, University of Bologna, Italy (2010)
- Participant and presenter at DIBIT retreat for IRCSS San Raffaele Hospital Milan, Italy (2010)
- Applied Biosystems Training Course, San Raffaele Hospital; Milan, Italy (2009)
- Workshop on Applied Biosystems: miRNA application, Institute of Pharmacology, University of Milan, Italy (2009)
