Personal

Born on October

Italian Citizen.

Education

Degree in Astronomy, Padova University, 1981.

Ph.D. Astronomy, Padova University, 1986 (confirmed at national level 1987).

Member of IAU, 1991.

Employment

ESA Research Fellow 1987.

Research Astronomer, Brera Observatory in Milan, 1988.

Research Astronomer, INAF- Padova Observatory, 2002.

Research area

Formation and evolution of galaxies. Galaxy surface photometry and kinematics. Multi-wavelength study of galaxies in the nearby Universe: X-ray (XMM), far UV (Galex, UVIT), Mid IR (Spitzer), broad and narrow bands observations on major ground-based telescopes.

Publications

Papers Co-author of 215 publications on main astronomical journals, 118 refereed, h-index=32 (from ADS).

Books Co-editor of the historical book "From the Realm of the Nebulæ to population of galaxies. Dialogs on a Century of Research" D'Onofrio M., Rampazzo R., Zaggia S. editors. Astrophysics and Space Science Library, 435, Springer.

Additional professional activities

Referee for several astronomical journals, among which Astronomy & Astrophysics, Astrophysical Journal, Astronomical Journal, Monthly Notices of the Royal Astronomical Society.

Tutor of master and PhD thesis of students at Milano (Statale) and Padova Universities. Members of PhD Commissions at Milano (Statale) and Padova Universities.

Member of PhD thesis Commissions at foreign Universities: University of Provence-Aix-Marseille (2003, dr. Olivia Garrido), University of Wien (2007 dr. Ruth Grützbauch; 2011 dr. Paul Eigenthaler), Stockholm University (2012 dr. Javier Blasco-Herrera), University Aix-Marseille (2021, dr. MM Munoz Sardaneta), Universidad de Atacama (Chile) (2022 dr. Daniele Gasparri).

Author of several papers in Italian Journals of Popular Astronomy (L'Astronomia; Nuovo Orione). Collaboratore del Volume "Il Cielo" Enciclopedia Discovery, De Agostini Ragazzi.
