Rappresenta il punto di riferimento regionale on-line sul tema della creazione di impresa innovativa e/o technology based per coloro che vogliono intraprendere un percorso imprenditoriale, per coloro che sono ancora in fase di start-up aziendale e per tutti i soggetti che promuovono e sostengono la nascita di nuove imprese nella regione Emilia-Romagna.Il progetto EmiliaRomagnaStartup è nato nel 2011 su iniziativa della regione Emilia-Romagna e di Aster con l'obiettivo di mettere in rete tutti i soggetti che in regione sostengono la nascita e la crescita di startup innovative, razionalizzando le risorse messe in gioco ed ottimizzando i numerosi interventi presenti su tutto il territorio regionale.
