

I am an academic specialising in legal history and property law with a doctorate from the University of Cambridge and over five years of teaching experience. I am the author of a monograph on the early modern history of the concept of equity, *Equity in Early Modern Legal Scholarship* (Brill, 2020). My other work in legal history has appeared in the proceedings of international conferences including the British Legal History Conference and the International Congress of Medieval Canon Law. My property law work has been published in the *Cambridge Law Journal* and the *Conveyancer and Property Lawyer*.

Extracts from reviews:

F Hernández Fradejas, *Glossae: European Journal of Legal History* 18 (2021) 504-506, 504: 'This academically robust contribution deserves to be recognised. Lorenzo Maniscalco has availed himself of historical, juridical and philological sources, which displays his interdisciplinary vocation. [...] It will undoubtedly be a legal historical contribution of reference for anyone interested in the history of ideas and thought' (Esta aportación, sólida en términos académicos, merece ser reconocida. Lorenzo Maniscalco se ha valido de fuentes históricas, jurídicas y filológicas, lo cual manifiesta su vocación interdisciplinar. [...]. Será, sin duda, un aporte iushistórico de referencia para cualquier persona interesada en la historia de las ideas y del pensamiento).

X Prévost, *Tijdschrift voor Rechtsgeschiedenis* 89 (2021) 619-621, 621: 'The wealth of sources called upon, the refinement of the analyses and the value of the thesis it puts forward make this a useful work for the understanding of sixteenth- and seventeenth-century legal thought' (La richesse des sources mobilisées, la finesse des analyses et l'intérêt de la thèse défendue en font un travail utile à la compréhension de la pensée juridique des XVI^e et XVII^e siècles).

JL Egío García, *Rechtsgeschiede - Legal History* 29 (2021) 317-320, 317: '[This work offers] a systematism and degree of analytical depth unprecedented in previous approaches to the concept of equity'. (Se trata de un sistematismo y grado de profundidad analítica sin precedentes en anteriores acercamientos al concepto de equidad).
