Prof. Spiecker is one of Germany’s leading legal experts on administration, data protection, digitalization, and IT-security law. She also heads one of Germany’s most prestigious research institutions on Health Law, Ineges.

She publishes regularly nationally and internationally on constitutional and administrative law with a specification in privacy and data protection law, technology law, health law, environmental law and legal theory (behavioral law and technology). Her advisory opinion is requested by parliaments, governments, companies and NGOs; in numerous projects she has cooperated with them. She was appointed to numerous scientific advisory boards (e.g. Fraunhofer Institutes, Weizenbaum Institute, ...) as well as co-editor and co-publisher of several national and international law journals, among them the European Data Protection Law Review, Computer und Recht, Journal of AI Regulation; Zeitschrift für Datenschutz und Die Verwaltung. Guest professorships have taken her e.g. to the U.S., Turkey, China, Italy, Austria and Belgium. She is co-editor and core author of the Spiecker gen. Döhmman/Papakonstantinou/te Hert/Hor-nung/, GDPR Commentary, 2023.
