COLLEGE DE FRANCE

École Pratique des Hautes Études

Université Paris Cité

Positions

2013–.....**Researcher**, Centre national de la recherche scientifique.
2013–2015.....**Postdoc**, ERC project Mathematical Sciences in the Ancient World (SAW), Laboratoire SPHERE (UMR 7219, CNRS-Paris 7).

Degrees

2013.....**PhD**, U. Chicago, Dept. of East Asian Languages & Civilizations.
2009.....**MA**, U. Chicago, Division of the Humanities.
2003.....**BA**, U. Washington, Dept. of Asian Languages & Literature.

Projects (5 years)

n/a

Research interests

Early imperial China (221 BCE–907 CE), especially the period of disunion, 220–618 CE
History, historiography and sociology of the exact sciences
Polymathy
Palaeography and manuscript culture
Ritual, classical studies and classical commentary

Publications (5 years)

2024.....'The Annual Difference: How a Four-Century Debate Between Confucian, Daoist, and Buddhist Thinkers on a Problem of Classical Exegesis Shaped a Predictive Mathematical Construct', *Religions*, 15(1): 1–20.
2022.....'Remarks on the mathematics and philosophy of space-time in early imperial China', in G. OLBERDING, ed., *The Exercise of the Spatial Imagination in Pre-Modern China* (Brill), 150–187.
2022.....'Calling out Zheng Xuan (127–200 CE) at the Crossroads of Ritual, Mathematics, Sport, and Classical Commentary', in G. MOST and K. CHEMLA, ed., *Mathematical Commentaries in the Ancient World: A Global Perspective* (Cambridge), 141–196.
2021.....'Les derniers jours du défunt. L'empire et l'individu vus à travers les calendriers provenant des tombes du début de la Chine impériale', in Alain ARRAULT, Olivier GUYOTJEANNIN and Perrine MANE, ed., *Calendriers d'Europe et d'Asie de l'antiquité à l'apparition de l'imprimerie* (Paris: École nationale des chartes), 49–70.
2021.....'Regional Networks in Chinese Mathematics and Astronomy, 317–618 CE', *East Asian Science, Technology, and Medicine* 53 (1–2): 3–55.
2020.....'Reflections on Visual and Material Sources for the History of the Exact Sciences in Early Imperial China', *NTM* 28: 325–357.
2019.....'No Comment: Remarks on the Source, Selection, Reliability, and Function of the Non-terrestrial Events Recorded in the *Hou Han shu* "Benji" Basic Annals', *Monumenta Serica* 67.1: 57–83.
2019.....(w/ D. CHAUSENDE), *Monographs in Tang Official History: Perspectives from the Technical Treatises of the Book of Sul*. Cham: Springer Nature Switzerland AG.
2019.....'Heavenly Patterns', in *Monographs in Tang Official History*, ed. D.P. MORGAN and D. CHAUSENDE, Springer Nature Switzerland AG, pp. 143–179.
2019.....(w/ Howard L. GOODMAN) 'Numbers with histories: Li Chunfeng on harmonics and astronomy', in *Monographs in Tang Official History*, ed. D.P. MORGAN and D. CHAUSENDE, Springer Nature Switzerland AG, pp. 51–87.
