July 2018
ABOUT THE UNIVERSITY

The origins of the University of Bologna date back to ancient time, as it is considered to be the oldest university in the Western world. Its history began in 1088, when law was first taught freely in the city, and became tied to the city of Bologna from the early Middle Ages, establishing the very idea of university. Indeed, the very first higher education and research structure, known as the “universitas studiorum”, was founded in Bologna. The city and the university have been lived side by side for nine centuries, their stories are entwined, a university based firmly in the historical centre of the city, where still today students and teachers live and work among the columns, palaces, halls, stairways and squares that tell the story of their predecessors. Today the University of Bologna is a multicity university with 5 campuses: Bologna, Cesena, Forlì, Ravenna and Rimini, a school of excellence, the Collegio Superiore, and an Advanced Studies Centre in Buenos Aires. The University runs 11 Schools and 32 Departments. Schools (formerly known as Faculties) organise the academic activities of the degree programmes (corsi di studio).

THE ITALIAN UNIVERSITY SYSTEM

University studies are divided into three cycles:

1st cycle

2nd cycle
Second cycle degree (Laurea Magistrale): 120 credits, duration 2 years. Qualification required: First cycle degree.
Single cycle

3rd Cycle
PhD programme: duration 3/4 years. Qualification required: Second or Single cycle degree. Specialisation School: programme duration established by the relative teaching regulation. Qualification required: Second or Single cycle degree
Students’ work load is measured in University Learning Credits (CFU). 1 CFU corresponds to 1 ECTS credit
Exams are passed with a grade of at least 18 out of 30. The highest grade is 30 “e lode” - with honours (30L). Some exams are not graded but are based on a pass/fail (ID – pass).
The grades obtained by exchange students in the transcript of records issued by the University of Bologna are also converted into the ECTS scale. For further information:

THE TOWN OF CESENA

In the heart of Romagna region, between the towns of Ravenna and Forlì, the Adriatic Sea and the Apennine Ridge, there lies Cesena.

Its artistic beauties, located at the very centre of the territories once controlled by the renowned “Malatesta”, and the flourishing agricultural economy make Cesena a town where cultural tradition is combined with hospitality and good life.

The three jewels of the town are the Malatestian Library, the Malatestian Fortress and the Abbey of St Maria Del Monte, but visiting just these important monuments is not enough to comprehend entirely this town, without having a good walk through its lively historical town centre.

Starting from Piazza del Popolo, which hosts Masini Fountain, the Town Hall, the Venetian Lodge and the Nuti Tower, visitors can stroll around Palazzo del Ridotto, overlooked by the bronze statue of pope Pius VI, or from the Cathedral of St. Giovanni Battista to the Alessandro Bonci Theatre, a real example of neoclassical architecture.

Every Wednesday and Saturday morning Piazza del Popolo is the stage of the most popular street market, handed down by tradition.

**NOMINATION AND ONLINE APPLICATION**

Students must make sure that their home University has forwarded their nomination with their personal details to the International Relations Office of University of Bologna. Nominated students receive an acceptance message with the instructions to fulfill the online application. Please note that the online application is compulsory and must be completed before your arrival in Italy.

Go to AlmaRM - Accesso studenti, type the username and password you’ve received with the “Acceptance message” and enter your personal homepage. There you can change your password, check your personal and exchange data, manage your contacts, print your acceptance letter etc.

The “Confirmation of registration” message also contains the name of your exchange coordinator and your username and password. The username is your UNIBO e-mail address, and the password is an initial code (“PUK code”) which you must modify before being able to use the online services, by choosing your own password. Some online services will be granted only after registering your arrival at the Check-In in Cesena.

**LEARNING AGREEMENT**

Now you have registered, you must first of all draft the Learning Agreement (compulsory for ERASMUS+ students, optional for others).

The Learning Agreement is the study plan agreed with your university, which undertakes to recognise the exams passed and credits obtained during the exchange period, and with your exchange coordinator at the University of Bologna.

The form is provided by your university.

The Learning Agreement must be approved and signed by your university and the University of Bologna.

Once approved by your university, if you are carrying out your mobility within the Erasmus+ Studio, Erasmus+ International Credit Mobility (ICM), Swiss European Mobility and Overseas (a Unibo programme) programmes, at the online registration or later, you will be able to upload your Learning Agreement on your personal homepage in AlmaRM, in order to get it approved.

You will be notified via email at @studio.unibo.it mailbox about the approval or rejection of your Learning Agreement, along with its reasons. After approval you will be also able to download a signed copy of your Learning Agreement.

To attend the lessons you do not have to be enrolled in the courses, but it is recommended to submit your study plan to the Exchange Coordinator or Administrative Coordinator (see page 20) in order to check the availability of the course units. You must only register for the exams, you will have time to do this after your arrival.

However, if you want to attend the Italian language courses, you must register beforehand (see next page).

As an exchange student, you can choose course units from different Degree Programmes and Schools.

You can also choose course units from 1st cycle (undergraduate) and 2nd cycle (graduate) programmes, but you must carefully assess whether your own general knowledge is suitable for the level of course you wish to attend. In any case you must agree on your choices with your own university, as it will have to recognise the credits you obtain in Bologna.

Here you will find the list of course units offered on the web page: [www.unibo.it/CourseUnits](http://www.unibo.it/CourseUnits)

Most of the lessons are held in Italian; only some programmes are held entirely in English, generally in the 2nd cycle (graduate) programmes included in the international programme catalogue: [www.unibo.it/InternationalProgrammes](http://www.unibo.it/InternationalProgrammes)

Each School has its own lesson and exam timetable.

Lessons generally begin in September or shortly afterwards, and may be annual, six monthly or divided into several sessions. The lesson timetables are set yearly, just before the start of the programme. As soon as they are available, the calendars and timetables are published online: [www.unibo.it/TimesandClassrooms](http://www.unibo.it/TimesandClassrooms)

VISA FOR NON-EU STUDENTS
If you are a non-EU citizen and wish to study in Italy for more than 90 days, you will need a Visa to enter Italy.
If you stay for less than 90 days, find out from the Embassy (or Consulate) if you require a Visa.
You must apply for the Visa from the Italian Embassy in your country of residence, providing the letter of invitation from the University of Bologna.

Important: you must apply for a Visa for study purposes.

To receive the letter of invitation your university must send a photocopy of your passport and the estimated dates of arrival and departure to:

campuscesena.uri@unibo.it

You must apply well in advance for the Visa, as the visa process can take several months.

Important: when you apply for the Visa, have your medical insurance stamped by the Embassy, otherwise you will not be able to use it to apply for the Residence Permit.

If your exchange lasts for more than 90 days, when you arrive in Italy you must apply for a Residence Permit (within 8 days from your arrival). This is a compulsory procedure for all non-EU citizens wishing to stay in Italy for more than 90 days (see page 17).

HEALTH INSURANCE
EU STUDENTS
The Italian National Health Service is called “Servizio Sanitario Nazionale” (SSN), and is divided into local Healthcare Boards (“Aziende Unità Sanitarie Locali - AUSL”).

If you are a EU citizen, you must bring your European Health Insurance Card - EHIC in order to have access to medical care. Using your card you can go directly to a general practitioner (“Medico di base” o “medico di famiglia”) choosing one from the list available at:

https://www.auslromagna.it/servizi/medici-famiglia

All the costs will be charged directly to your insurance body.
For some specialist services, the payment of a “ticket” is required as a contribution to cover part of the costs.
For dental care, the national health system provides only diagnostic and urgent treatment.

NON-EU STUDENTS
If you are a non-EU citizen you have access to the National Health Service only after paying an annual registration fee of € 149.77. The fee covers the calendar year from 1 January to 31 December and cannot be split.
If you have a private health insurance (taken out in Italy or in your own country and stamped by the Italian Embassy) you may go to any General Practitioner (medico di famiglia), choosing one from the list of doctors published on the website

https://www.auslromagna.it/servizi/medici-famiglia

If you need a specialist treatment, you can choose which doctor to go to directly, also on the advice of your chosen GP.

THE ONLINE STUDY PLAN

After registering at the University’s International Relations Office, you should contact your Italian coordinator (the professor responsible of your exchange) and Erasmus Offices at schools to get the information you need about your school. You can refer to your coordinator and to the offices if you need advice for your study plan and the course units. You may also need your coordinator if you want to change your learning agreement or if you need it to be signed.

When you have chosen all the courses you wish to attend at the University of Bologna, according to the approved Learning Agreement, and checked the schedules and times of the lessons, you must complete your online study plan. This and other operations can be done on AlmaRM - Accesso studenti.

The online study plan is compulsory for all exchange students and is indispensable for being able to sit the exams. The service is available from your personal homepage on AlmaRM (“Fill in your study plan” button) only after your Check-in.

REGISTERING FOR EXAMS

Before sitting an exam you must enter it in your online study plan (see above). The uploaded exams are immediately visible on Almaesami:

https://almaesami.unibo.it

You can access Almaesami directly from your personal homepage on AlmaRM (“Register for an exam” button).

In AlmaEsami you can:
- consult the dates of the exam sessions. When the professors publish the sessions, alongside each exam the “Prenota” (book) button is enabled;
- register for the exam sessions. Once you have seen the exam session dates, you can register for the exams according to the schedule set by the professors;
- check that your exam grades have been recorded. After you have sat and passed an exam, the professors record the result which you will be able to see next to each exam. The recorded exams are marked with “verbalizzato” (recorded) and the grade or the “pass” evaluation.

GRADES AND PASSING EXAMS

The grades in the Italian university system are expressed out of thirty. You will pass an exam or internship with a grade of at least 18/30. If you obtain full grade (30/30) the examination board may also decide to award you honours (lode).

Important: a fail (< 18/30) will not lead to a grade being given, and will not usually appear in your Transcript of Records. If your university requires “Failed” exams to also be listed in your Transcript of Records, after the exam you must explicitly ask the professor to record the exam. The failed exam can be recorded as “respinto” (rejected), if you finished and failed the examination, or “ritirato” (withdrawn), if you didn’t finish the examination.

If you fail the exam you will not obtain the relative credits. For some activities, particularly language exams (including those for the Italian course) and for some internship activities, you will not be given a grade but merely an “Idoneo”/”Pass”. The exam results will also be recorded in the Transcript of Records in this way. The “Idoneo”/”Pass” can never be transformed into a numerical grade.

In the Transcript of Records, which will be issued to you at the end of the exchange period, the grades are indicated in the Italian scale out of thirty and are converted in the ECTS scale. The Course unit catalogue is available on:

**EXAMS AND TEACHING ACTIVITIES**

**EXAMS, INTERNSHIPS AND OTHER TEACHING ACTIVITIES**

The Italian university system may be very different from the one in your country. In Italy exams are mainly oral. Some courses have written exams, practical tests or progress tests during the lessons. The oral exam is public; anyone can attend.

At the end of the exam, the professor will inform you verbally of your grade or, in the case of written exams, will publish the grades online or in Almaesami.

You can accept the grade or refuse it. In the latter case, you will be able to sit the exam again during another available exam session.

Once you have accepted the grade, the professor will record it in AlmaEsami. When you access your AlmaEsami page you will see “verbalizzato” (“recorded”) written next to the exam.

Check your page regularly, and if any exams have not been recorded, contact the professor.

Some course units are known as “integrated courses”, and have 2 or more components. As an exchange student, you may sit both the exam for a single component (obtaining only the credits for that component) or the whole integrated course.

During your exchange period, you can also take part in a curricular internship.

The curricular internship offers you the chance to have work experience to complete your university training and obtain the credits laid down in your study plan.

It is possible to carry out an internship outside the university (businesses, public institutions, professional firms, etc.) or in the university (laboratories, research centres, administrative departments, etc.), both in Italy and abroad.

To take part in an internship, consult the specific information on your School’s website and contact the Internship Office

Via Montanti 69, campuscesena.tirocini@unibo.it

To consult the list of institutions holding agreements with the university for internships and book them directly online, access the Online Student Internship Service using your username and password

These activities must also be included in your Study Plan and will be recorded in AlmaEsami.
CHANGING THE DURATION OF THE EXCHANGE PERIOD

Variations in your study plan and the duration of your exchange period must always be authorized by the University of Bologna and by your University. ERASMUS+ students must ask their university for the Learning Agreement modification form.

As an exchange student you are allowed to stay at University of Bologna for the agreed period by home and host universities as shown in your homepage in AlmaRM (Length of stay).

To extend your exchange period you must request authorization from your university and from your exchange coordinator at the University of Bologna. The latter shall notify the International Relations Office of his/her approval by e-mail, at the address campuscesena.uri@unibo.it.

If you need one, you can obtain a new Arrival Statement with the updated period.

If you want to leave early, you just need to inform your home university.

EXTENTION OF YOUR RESIDENCE PERMIT

If you are a non-EU citizen, and need to extend your Residence Permit, you must apply for renewal at least 60 days prior to its expiry date. Contact the International Relations Office for this procedure. The costs of renewal are the same as those for the issue of the original Residence Permit.

You must also extend your health insurance coverage.

BACK TO YOUR HOME UNIVERSITY

Before leaving you must go to the International Relations Office for the Check-Out procedure. You must Check-Out in person. You cannot send a friend to do it for you!

If all exams and internships have been recorded online, the digital Transcript of Records will be sent immediately to your home university by e-mail. You can also download the Transcript directly from your personal homepage on AlmaRM.

If some exams have not been recorded, this does not mean that you cannot leave. The International Relations Office staff will contact the professors to obtain the records. The Transcript will be sent to your university only after all exams have been recorded.

To avoid any delays, check regularly that the exams you have sat have been recorded, on AlmaEsami, and if any are missing contact the professors.

Important: do not forget to return the books borrowed from the libraries, before Check-Out.

When you leave you will also receive the statement that confirms the start and end dates of your exchange period, which you shall give to your university.

Important: the departure date on the statement corresponds to the Check-Out date!

If you need stamps on specific documents from your home university, bring them with you.

Find out promptly about any rules that your university or the institute funding your mobility applies to calculate the amount of your scholarship and bear this in mind for the Check-Out date.

With the Check-Out, you will have formally completed your exchange period and may not sit any more exams or participate in other teaching activities.

Important: if you leave without completing the Check-Out procedure, the end date will correspond to the date of the last recording of an exam or internship.

If you did not sit any exams and do not complete the Check-Out procedure, you will not receive the Exchange Period Statement.
TRANSCRIPT OF RECORDS

The Transcript of Records is issued at the end of your exchange period both in Italian and in English. It contains your personal data, your arrival and departure dates, the list of exams and internships you have done, with the date of the exam, the credits (CFU and ECTS) and the grades obtained. The grades are expressed in the Italian scale out of thirty and are converted into the ECTS scale.

The Transcript also explains the Italian grading system and provides the “ECTS grading tables”. These tables allow the universities of the European Higher Education Area, which have adopted the ECTS system, to convert Italian grades into local grades. The ECTS scale and relative tables cannot be used to convert grades for non-European universities which have not adopted the ECTS system.

In order to obtain a Transcript of Records, all the exams you have passed must be officially recorded. Recording of an exam consists in an official statement that a student has sat an exam, obtaining a grade and a number of ECTS in a specific date, issued and signed by the professor.

You can check the recordings of your exams through your personal homepage in AlmaRM – Accesso studenti or directly through AlmaEsami typing username and password.

The recorded exams are marked with “verbalizzato” and the grade.

CERTIFICATION OF TEACHING ACTIVITIES NOT INCLUDED IN THE CURRICULUM

If you wish to take part in activities that are not in the course unit catalogue and which can therefore not be included in your study plan (some internships, seminars, preparation of the dissertation, etc.), you must immediately agree with the professor on how to perform them and certify them.

The effective performance of these activities and an evaluation can be certified by the professors on stamped and signed headed notepaper, but cannot be recorded and will therefore not appear in your Transcript of Records.

Always check that your university accepts this kind of certification.

If you need a certificate of attendance, at the start of lessons contact the professor, who will decide whether to issue you with a statement at the end of the course.

In the Italian system, attendance alone is not sufficient for obtaining credits.
