WELCOME DAY

Orientation sessions and events organized by the Schools for exchange students. In each School of the University of Bologna there is an international office devoted to provide help and support to exchange students. Some Schools organize also special orientation sessions for exchange students. Calendars are published on the Schools' websites.

THE ONLINE APPLICATION

Students must make sure that their home University has forwarded their personal details to the International Relations Office of the University of Bologna. This is an absolutely necessary step to begin the online application procedure. Please note that the online application is compulsory and must be completed before your arrival in Italy.

Go to AlmaRM - Accesso studenti, type the username e password you've received with the "Confirmation message" and enter your personal homepage. You can change password, check your personal and exchange data, manage your contacts, print your acceptance letter.

The "Confirmation of registration" message also contains the name of your exchange coordinator and your username and password. The username is your UNIBO e-mail address, and the password is an initial code ("PUK code") which you must modify before being able to use the online services, by choosing your own password. Some online services will be granted only after registering your arrival at the Check-In in Forlì.

To attend the lessons you do not have to be enrolled in the courses.

You must only register for the exams, you will have time to do this after your arrival. However, if you want to attend the Italian language courses, you must register.

LEARNING AGREEMENT

Now you have registered, you must first of all draft the Learning Agreement (compulsory for ERASMUS+ students, optional for others).

The Learning Agreement is the study plan agreed with your university, which undertakes to recognise the exams passed and credits obtained during the exchange period, and with your exchange coordinator at the University of Bologna. The form is provided by your university.

You can choose the course units on www.unibo.it/CourseUnits

If you have any questions or doubts, you may contact the International Relations Office at the School you are interested in.

The Learning Agreement must be approved and signed by your university and the University of Bologna.

Once approved by your university, you must send it to the Exchange Students Desk, who will have it signed by the exchange coordinator and, if required, by the institutional coordinator.

Your signed Learning Agreement will be given to you on Check-In or, on request, will be sent to your university.

VISA FOR NON-EU STUDENTS

Non-EU students need an invitation letter in order to obtain a visa for study purposes. International offices of partner universities have to request the letter well in advance by sending an e-mail to campusforli.uri@unibo.it and including for each student the following data:

- name and surname
- estimated dates of arrival and departure
- the exact university office address where the letters have to be sent

and enclosing a photocopy of the student passport.

The invitation letter can be issued only for students who have completed the online registration. You must contact your nearest Italian Consulate or Embassy in your home country. You are advised to do so well in advance.

If before leaving students purchase health insurance in their own country, they should take this with them to the consulate together with the other documents required for obtaining a visa and make sure that the consulate stamps the insurance policy to certify its validity.

Without the stamp of the consulate, once they arrive in Italy students may be obliged to purchase another policy, as foreign insurance not validated by the consulate is not acceptable for obtaining the residence permit.

ITALIAN LANGUAGE COURSE

The University Language Centre, CLA (Centro Linguistico di Ateneo) runs Italian free courses for international students, but there is a limited number of places.

In order to enrol, an online language assessment test, to be done in the semester of arrival in Italy, is required. The test will be available on University Language Center – Forlì Campus for each course edition, starting from a date that will be published on web until all seats will be booked out.

Once the places available have been filled, the online test will be closed, and it will be no more possible to enrol.

HEALTH INSURANCE

EU STUDENTS

To be eligible for national health service, students must be in possession of a valid European Health Insurance Card (EHIC), in order to have access to medical care.

EU students without the card have to get a private health insurance covering the whole duration of the stay and the related certificate of conformity with Italian law provided and signed by the insurance company.

NON-EU STUDENTS

Before leaving you must buy a private insurance, which must be stamped by the Italian Consulate. Without the stamp of the consulate, once in Italy you may be forced to buy another insurance policy, because foreign insurances, not validated by the consulate, are useless in obtaining the residence permit.

If you didn't buy an insurance before leaving, once in Italy you can choose to register with the National Health Service (SSN) or to buy a private insurance.

To register with the National Health Service (SSN) you can go to any post office by paying 149.77 euros in favour of "Amministrazione - PT CSSN Regione Emilia-Romagna" quoting "pagamento quota assistenza".

Then you have to take to the AUSL the following documents:

- payment receipt;
- residence permit.

ACCIDENT AND LEGAL LIABILITY INSURANCE

As an exchange student, after you Check-In, you are insured against accidents that may occur within the University compound and for legal liabilities against damages which you may involuntarily cause within the university premises or within any other location in which studies and research activities are authorised by the University of Bologna.

You must make your application within 8 working days following your arrival in Italy. You may do it by yourself, or with the support of the Centro Servizi per l'integrazione nel Comprensorio Forlivese.

If you wish to apply by yourself, you must present the application for a Residence Permit for study purposes at any qualified post offices, offering the service “Sportello amico”.

DECLARATION OF PRESENCE FOR STAYS OF LESS THAN 90 DAYS

Non-EU exchange students intending to stay in Italy for less than 90 days must present a declaration of presence (they do not need to apply for a residence permit).

For students coming to Italy from a country that has not signed the Schengen agreement, the uniform Schengen stamp, placed on the passport during border controls, replaces the declaration of presence.

Students entering Italy transiting through a country from a country that has signed the Schengen agreement, must present the declaration of presence within 8 days of their entry into Italy to the Police Headquarters (Questura) in the Province they are domiciled in.

For students staying in a hotel, the declaration of presence is represented by the declaration made to the hotelier and undersigned by the student.

Students must always carry a copy of the declaration of presence, as they may be asked to show it by police and public safety officers.

BADGE, ARRIVAL STATEMENT, RECORD BOOK

Your **university badge** is an ID card with a photo that confirms your student status at the University of Bologna.

It is needed to access the libraries, the laboratories and the washrooms. It can also be used to obtain discounts at the cinema, book loans from libraries, discounted bus passes and access to the university canteens.

The **Arrival Statement** is the official confirmation of your date of arrival and the expected duration of your exchange period. Important: you must send the certificate to your university. Unless your university has indicated a different period, the duration is the one shown in the bilateral agreement signed by the universities.

If you need stamps on specific documents from your home university, they will be done by the staff of the Exchange Students Desk, according to the official date of registration at the desk. You must then send them to your home university.

The **“Record Book”** (Libretto) is the document on which professors write down your exams. It should not be confused with the Transcript of Records. The Record Book is an internal document used by the Exchange Students Desk staff to check that all the results of the exams are recorded in the AlmaEsami system.

You must take your Record Book with you whenever you sit an exam.

If you lose any documents received on your arrival or they are stolen, contact the International Relations Office for a copy.

THE ONLINE STUDY PLAN

After registering at the University's International Relations Office, you should contact your Italian coordinator (the professor responsible of your exchange) and Erasmus Offices at schools to get the information you need about your school.

You can refer to your coordinator and to Erasmus Offices if you need advice for your study plan and the course units. You may also need your coordinator if you want to change your learning agreement or signed it.

The online study plan is compulsory for all exchange students and is indispensable for being able to sit the exams.

The service is available from your personal homepage on **AlmaRM** ("Fill in your study plan" button).

Use the search engine to select the course units and then save. Pay attention to the Degree Programme codes (4 digits) and exam codes (5 digits) and the number of credits: compare them to the codes you will find in the Programme Catalogue on the web page:

www.unibo.it/CourseUnits

REGISTERING FOR EXAMS

Before sitting an exam you must enter it in your online study
<http://piani.unibo.it>

The uploaded exams are visible on Almaesami
<https://almaesami.unibo.it>

You can access Almaesami directly from your personal homepage on AlmaRM ("Register for an exam" button).

In AlmaEsami you can:

- consult the dates of the exam sessions. When the professors publish the sessions,
- alongside each exam the "Prenota" (book) button is enabled;
- register for the exam sessions. Once you have seen the exam session dates, you can register for the exams according to the schedule set by the professors;
- check that your exam grades have been recorded. After you have sat and passed an exam, the professors record the result which you will be able to see next to each exam.

The recorded exams are marked with "verbalizzato" (recorded) and the grade or the "pass" evaluation

From AlmaRM you can directly access the

Study plan (Fill in your study plan)

AlmaEsami (Register for an exam)

GRADES AND PASSING EXAMS

The grades in the Italian university system are expressed out of thirty. You will pass an exam or internship with a grade of at least 18/30.

If you obtain full grade (30/30) the examination board may also decide to award you honours (lode).

Important: a fail (< 18/30) will not lead to a grade being given, and will not usually appear in your Transcript of Records.

If your university requires "Failed" exams to also be listed in your Transcript of Records, after the exam you must explicitly ask the professor to record the exam. The failed exam can be recorded as "respinto" (rejected), if you finished and failed the examination, or "ritirato" (withdrawn), if you didn't finish the examination.

If you fail the exam you will not obtain the relative credits.

For some activities, particularly language exams (including those for the Italian course) and for some internship activities, you will not be given a grade but merely a "Idoneo"/"Pass".

The exam results will also be recorded in the Transcript of Records in this way.

The "Idoneo"/"Pass" can never be transformed into a numerical grade.

In the Transcript of Records, which will be issued to you at the end of the exchange period, the grades are indicated in the Italian scale out of thirty and are converted in the ECTS scale.

The Course unit catalogue is available on:

<http://www.unibo.it/en/teaching/course-unit-catalogue>

SCHOOL OF FOREIGN LANGUAGES AND LITERATURES, INTERPRETING AND TRANSLATION

Courses on foreign languages and foreign literature are taught in the original language. Italian Linguistics, Italian Literature, Italian Language and optional courses are taught in Italian.

COURSE CONTENTS, TEXT BOOKS AND TEACHING MATERIALS

In the course unit catalogue you can find for each course unit a description of the programme (learning outcomes, course contents, teaching and assessment methods and tools, language of instruction) and the list of books and texts for study (bibliography/readings).

Before purchasing text books, wait for the start of lessons and follow the instructions given by the professors. You may purchase teaching materials in the bookshop or borrow them from the library.

To search for books and materials:

www.biblioteche.unibo.it

To consult and download teaching material prepared by the professors, you can use the

Alm@-DL service

<http://campus.unibo.it>

**EXAMS, INTERNSHIPS AND OTHER TEACHING ACTIVITIES**

The Italian university system may be very different from the one in your country.

In Italy exams are mainly oral. Some courses have written exams, practical tests or progress tests during the lessons. The oral exam is public; anyone can attend. At the end of the exam, the professor informs you verbally of your grade and also writes it in your "Record book". The professor will then record your grade in AlmaEsami.

When you access your AlmaEsami page you will see "verbalizzato" ("recorded") written next to the exam.

Check your page regularly, and if any exams have not been recorded, contact the professor.

Some course units are known as "integrated courses", and have 2 or more components.

As an exchange student, you may sit both the exam for a single component (obtaining only the credits for that component) or the whole integrated course.

During your exchange period, you can also take part in a curricular internship.

The curricular internship offers you the chance to have work experience to complete your university training and obtain the credits laid down in your study plan.

It is possible to carry out an internship outside the university (businesses, public institutions, professional firms, etc.) or in the university (laboratories, research centres, administrative departments, etc.), both in Italy and abroad.

To take part in an internship, consult the specific information on your School's website and contact the Internship Office.

To consult the list of institutions holding agreements with the university for internships and book them directly online, access the Online Student Internship Service using your username and password

<http://almaorienta.unibo.it/tirocini> > tirocinio curriculare

These activities must also be included in your Study Plan and will be recorded in AlmaEsami. In some cases, the hosting institutions issue a further certification which details the internship (number of hours, subject, etc.).

This additional documentation will not appear in the Transcript of Records.

CHANGING THE DURATION OF THE EXCHANGE PERIOD

Variations in your study plan and the duration of your exchange period must always be authorized by the University of Bologna and by your University.

ERASMUS+ students must ask their university for the Learning Agreement modification form.

As an exchange student you are allowed to stay at University of Bologna for the agreed period by home and host universities as shown in your homepage in AlmaRM (Length of stay).

To extend your exchange period you must request authorization from your university and from your exchange coordinator at the University of Bologna. The latter shall notify the International Relations Office of his/her approval by e-mail, at the address campusforli.uri@unibo.it. If you need one, you can obtain a new Arrival Statement with the updated period.

If you want to leave early, you just need to inform your home university.

EXTENTION OF YOUR RESIDENCE PERMIT

If you are a non-EU citizen, and need to extend your Residence Permit, you must apply for renewal at least 60 days prior to its expiry date. Contact the Exchange Students Desk for this procedure.

The costs of renewal are the same as those for the issue of the original Residence Permit.

You must also extend your health insurance coverage.

BACK TO YOUR HOME UNIVERSITY

Before leaving you must go to the International Relations Office for the Check-Out procedure. You must Check-Out in person. You cannot send a friend to do it for you!

You must hand in the original copy of your Record Book, in order for the staff to check that all the exams and internships are recorded in AlmaEsami. If all exams and internships have been recorded correctly, the digital Transcript of Records will be sent immediately to your home university by e-mail. You can also download the Transcript directly from your personal homepage on AlmaRM.

If some exams have not been recorded, this does not mean that you cannot leave. The International Relations Office staff will contact the professors to obtain the records. The Transcript will be sent to your university only after all exams have been recorded. To avoid any delays, check regularly that the exams you have sat have been recorded, on AlmaEsami, and if any are missing contact the professors.

Important: do not forget to return the books borrowed from the libraries, before Check-Out.

When you leave you will also receive the statement that confirms the start and end dates of your exchange period, which you shall give to your university.

Important: the departure date on the statement corresponds to the Check-Out date!

If you need stamps on specific documents from your home university, bring them with you.

Find out promptly about any rules that your university or the institute funding your mobility applies to calculate the amount of your scholarship and bear this in mind for the Check-Out date.

With the Check-Out, you will have formally completed your exchange period and may not sit any more exams or participate in other teaching activities.

Important: if you leave without completing the Check-Out procedure, the end date will correspond to the date of the last recording of an exam or internship.

If you did not sit any exams and do not complete the Check-Out procedure, you will not receive the Exchange Period Statement.

TRANSCRIPT OF RECORDS

In order to obtain a transcript of records, all the exams you have passed must be officially recorded. Recording of an exam consists in an official statement that a student has sat an exam, obtaining a grade and a number of ECTS in a specific date, issued and signed by the professor. The record is an official document, with a legal value. It can be either electronic (through AlmaEsami) or on paper.

Exams must also be transcribed on your record book (libretto).

Be aware that your libretto is not an official record of your exams.

You can check the recordings of your exams through your personal homepage in AlmaRM – Accesso studenti or directly through AlmaEsami typing username and password.

The recorded exams are marked with “verbalizzato” and the grade

http://www.eng.unibo.it/PortaleEn/Students/International+Students/exchange/arrive_italy/exams_sessions.htm

CERTIFICATION OF TEACHING ACTIVITIES NOT INCLUDED IN THE CURRICULUM

If you wish to take part in activities that are not in the course unit catalogue and which can therefore not be included in your study plan (some internships, seminars, preparation of the dissertation, etc.), you must immediately agree with the professor on how to perform them and certify them.

The effective performance of these activities and an evaluation can be certified by the professors on stamped and signed headed notepaper, but cannot be recorded and will therefore not appear in your Transcript of Records.

Always check that your university accepts this kind of certification.

If you need a certificate of attendance, at the start of lessons contact the professor, who will decide whether to issue you with a statement at the end of the course.

In the Italian system, attendance alone is not sufficient for obtaining credits

The University of Bologna takes part in some special mobility programmes, such as Erasmus Mundus Action 2 and Science Without Borders (Brazil), which may provide students with tailored services and may be subject to special rules. If you are an exchange student within these programmes, please pay attention to all the instructions given by your programme coordinator.

ERASMUS+ PLACEMENT (Mobility for Traineeships)

Students spending an exchange period at the University of Bologna to carry out an internship within the Erasmus+ Placement programme, need to be accepted by a professor who will tutor their activities. They are hosted in Schools and Departments. In order to start the internship you need to fill in the Training Agreement (or Learning Agreement for Traineeships). The Training Agreement is your agreed workplan by your university and the professor at University of Bologna who has accepted you and will tutor your activity. The form is provided by your home university.

The Training Agreement must be approved and signed by your university and the University of Bologna. Once approved by your university, you must send it to the Exchange Students Desk, who will have it signed by your activity coordinator and, if required, by the institutional coordinator. Your signed Training Agreement will be given to you on Check-In or, on request, will be sent to your university.

After getting the fully signed by both universities Training Agreement, the Exchange Students Desk will send you an e-mail inviting you to complete your online registration. The online registration is compulsory and is required to submit your Placement application.

As an exchange student for Traineeships you are not allowed to attend classes, sit exams and gain credits. At the Check-Out you will only get your Exchange Period Statement. Your internship will be certified by the professor tutoring your activities by filling in the appropriate sections of the Training Agreement (or Learning Agreement for Traineeships).

VISITING STUDENTS

Students, spending an exchange period at the University of Bologna as Visiting Students, need to be accepted by a professor who will tutor their activities. They are hosted in Schools and Departments.

As a Visiting Student you will have to register. The Training Agreement is not compulsory but is recommended, in order to agree in advance, with the professor who has accepted you, the activity you will carry out at the University of Bologna.

As a Visiting Student you are not allowed to attend classes, sit exams and gain credits. At the Check-Out you will only get your Exchange Period Statement. Your internship will be certified by the professor tutoring your activity on stamped and signed headed notepaper.

SPECIFIC AGREEMENTS

Schools and Departments can sign agreements providing students mobility. If you are an exchange student within a Specific Agreement, you are only allowed to attend classes and sit exams at the School or Department hosting you. Pay attention and choose correctly the course units when filling in your Learning Agreement and Study Plan.
