Mathematics-Industry Networking Days

Department of Mathematics

Piazza di Porta San Donato 5 - Bologna

September 18 - 19, 2025

MATH-MIND - Mathematics-Industry Networking Days - is a workshop organized by the Department of Mathematics at the University of Bologna. Its goal is to foster collaborative networks between academia and industry, research institutions, and hospitals for social and technological innovation.

Topics:

Math: the driving force behind AI & High-Performance Computing

Data Science, Approximation and Analytics: Tools for the future

Challenges in Biomedical Modelling

Financial Mathematics, Networks and Cybersecurity

Invited Speakers:

Luca Calatroni

Università di Genova

Florent Krzakala

École polytechnique fédérale de Lausanne

Luca Regis

*Università di Torino
and Collegio Carlo Alberto*

Marco Viceconti

*Istituto Ortopedico Rizzoli
and Università di Bologna*

Guest Speakers from:

- Banca d'Italia • BiomEye • CINECA • CNR ISTC •
- CyberTec • D-fine • INAIL • Intesa Sanpaolo • IOR •
- Onit • Optit • Stellantis • SynDiag •

Ph.D. Symposium

Poster sessions by Ph.D. Students in Mathematics at UNIBO
