WELCOME DAY

Orientation sessions and events organized by the Schools for exchange students. In each School of the University of Bologna there is an international office devoted to provide help and support to exchange students. Some Schools organize also special orientation sessions for exchange students. Calendars are published on the Schools’ websites.

THE ONLINE APPLICATION

Students must make sure that their home University has forwarded their personal details to the International Relations Office of the University of Bologna. This is an absolutely necessary step to begin the online application procedure. Please note that the online application is compulsory and must be completed before your arrival in Italy.

Go to AlmaRM - Accesso studenti, type the username e password you’ve received with the “Confirmation message” and enter your personal homepage. You can change password, check your personal and exchange data, manage your contacts, print your acceptance letter.

The “Confirmation of registration” message also contains the name of your exchange coordinator and your username and password. The username is your UNIBO e-mail address, and the password is an initial code (“PUK code”) which you must modify before being able to use the online services, by choosing your own password.

Some online services will be granted only after registering your arrival at the Check-In in Forlì.
To attend the lessons you do not have to be enrolled in the courses. You must only register for the exams, you will have time to do this after your arrival. However, if you want to attend the Italian language courses, you must register.

LEARNING AGREEMENT

Now you have registered, you must first of all draft the Learning Agreement (compulsory for ERASMUS+ students, optional for others).
The Learning Agreement is the study plan agreed with your university, which undertakes to recognise the exams passed and credits obtained during the exchange period, and with your exchange coordinator at the University of Bologna. The form is provided by your university.
You can choose the course units on www.unibo.it/CourseUnits
If you have any questions or doubts, you may contact the International Relations Office at the School you are interested in.
If you are carrying out your mobility within the Erasmus+ Studio, Erasmus+ International Credit Mobility (ICM), Swiss European Mobility and Overseas (a Unibo programme) programmes, at the online registration or later, you will be able to upload your Learning Agreement on your personal homepage in AlmaRM, in order to get it approved. You will be notified via email at @studio.unibo.it mailbox about the approval or rejection of your Learning Agreement, along with its reasons. After approval you will be also able to download a signed copy of your Learning Agreement. The Learning Agreement must be approved and signed by your university and the University of Bologna.

**VISA AND HEALTH INSURANCE FOR NON-EU STUDENTS**

Non-EU exchange students who intend to stay in Italy for more than 90 days must apply for an entry visa for study purposes. For stays of up to 90 days, the entry visa may or may not be necessary, depending on your country of origin. Non-EU students need an invitation letter in order to obtain a visa for study purposes. International offices of partner universities have to request the letter well in advance by sending an e-mail to campusforli.uri@unibo.it and including for each student the following data:

- name and surname
- estimated dates of arrival and departure
- the exact university office address where the letters have to be sent and enclosing a photocopy of the student passport.

The invitation letter can be issued only for students who have completed the online registration. You must contact your nearest Italian Consulate or Embassy in your home country. You are advised to do so well in advance.

If before leaving students purchase health insurance in their own country, they should take this with them to the consulate together with the other documents required for obtaining a visa and make sure that the consulate stamps the insurance policy to certify its validity.

Without the stamp of the consulate, once they arrive in Italy students may be obliged to purchase another policy, as foreign insurance not validated by the consulate is not acceptable for obtaining the residence permit.
ITALIAN LANGUAGE COURSE

The University Language Centre, CLA (Centro Linguistico di Ateneo) runs Italian free courses for international students, but there is a limited number of places. In order to enrol, an online language assessment test, to be done in the semester of arrival in Italy, is required. The test will be available on University Language Center – Forlì Campus for each course edition, starting from a date that will be published on web until all seats will be booked out. Once the places available have been filled, the online test will be closed, and it will be no more possible to enrol.

Address: CLA

HEALTH INSURANCE

EU STUDENTS

To be eligible for national health service, students must be in possession of a valid European Health Insurance Card (EHIC), in order to have access to medical care. EU students without the card have to get a private health insurance covering the whole duration of the stay and the related certificate of conformity with Italian law provided and signed by the insurance company.

NON-EU STUDENTS

Before leaving you must buy a private insurance, which must be stamped by the Italian Consulate. Without the stamp of the consulate, once in Italy you may be forced to buy another insurance policy, because foreign insurances, not validated by the consulate, are useless in obtaining the residence permit.

If you didn’t buy an insurance before leaving, once in Italy you can choose to register with the National Health Service (SSN) or to buy a private insurance.
To register with the National Health Service (SSN) you can go to any post office
by paying 149.77 euros in favour of “Amministrazione - PT CSSN Regione Emilia-Romagna” quoting “pagamento quota assistenza”.

Then you have to take to the AUSL the following documents:

- payment receipt;
- residence permit.

**ACCIDENT AND LEGAL LIABILITY INSURANCE**

As an exchange student, after you Check-In, you are insured against accidents that may occur within the University compound and for legal liabilities against damages which you may involuntarily cause within the university premises or within any other location in which studies and research activities are authorised by the University of Bologna. Non-EU exchange students intending to stay in Italy for less than 90 days must present a declaration of presence (they do not need to apply for a residence permit).
For students coming to Italy from a country that has not signed the Schengen agreement, the uniform Schengen stamp, placed on the passport during border controls, replaces the declaration of presence.
Students entering Italy transiting through a country from a country that has signed the Schengen agreement, must present the declaration of presence within 8 days of their entry into Italy to the Police Headquarters (Questura) in the Province they are domiciled in.
For students staying in a hotel, the declaration of presence is represented by the declaration made to the hotelier and undersigned by the student.
Students must always carry a copy of the declaration of presence, as they may be asked to show it by police and public safety officers.

RESIDENCE PERMIT FOR STAYS OF MORE THAN 90 DAYS

Non-EU students intending to stay in Italy for more than 90 days must apply for a residence permit (permesso di soggiorno).
Before completing the application students need to register at the International Relations Office of the University (registration involves only students who come to Italy within an exchange programme framework).
You must make your application within 8 working days following your arrival in Italy.
You may do it by yourself, or with the support of the Centro Servizi per l’integrazione nel Comprensorio Forlivese.

If you wish to apply by yourself, you must present the application for a Residence Permit for study purposes at any qualified post offices, offering the service “Sportello amico”, including the one in piazza Minghetti 4, in the centre of Bologna.
The Post Office will provide you with a kit including the application form and instructions on how to complete it.
The documents required are:

- a copy of the page of your passport with your personal data, a copy of your entry Visa and copies of any other pages containing Visas and stamps;
• the Arrival Statement issued by the University of Bologna or a self-certification;
• a copy of the letter of invitation issued by the University of Bologna and presented to obtain the Visa from the Italian Embassy abroad, initialled by the Embassy;
• a € 16.00 duty stamp (sold at the tobacconists);

Important: if your health insurance policy is not stamped by the Embassy, it cannot be used for the issuing of the Residence Permit! So do remember to explicitly request that it be stamped when you go to the Embassy for the Visa.

If you do not have health insurance, or you have an insurance policy that has not been stamped by the Embassy, you must purchase another one in Italy.

* “The Post Office will give you a receipt which you must carry with you together with your passport until you receive the Electronic Residence Permit, and an order to go to the Questura - Immigration Office - for photographic identification. GRADIENTS AND PASSING EXAMS

The grades in the Italian university system are expressed out of thirty. You will pass an exam or internship with a grade of at least 18/30. If you obtain full grade (30/30) the examination board may also decide to award you honours (lode).

Important: a fail (< 18/30) will not lead to a grade being given, and will not usually appear in your Transcript of Records.

If your university requires “Failed” exams to also be listed in your Transcript of Records, after the exam you must explicitly ask the professor to record the exam. The failed exam can be recorded as “respinto” (rejected), if you finished and failed the examination, or “ritirato” (withdrawn), if you didn’t finish the examination.

If you fail the exam you will not obtain the relative credits.

For some activities, particularly language exams (including those for the Italian course) and for some internship activities, you will not be given a grade but merely an “Idoneo”/“Pass”.

The exam results will also be recorded in the Transcript of Records in this way. The “Idoneo”/“Pass” can never be transformed into a numerical grade.

In the Transcript of Records, which will be issued to you at the end of the exchange period, the grades are indicated in the Italian scale out of thirty and are converted in the ECTS scale.

EXAMS, INTERNSHIPS AND OTHER TEACHING ACTIVITIES

The Italian university system may be very different from the one in your country. In Italy exams are mainly oral. Some courses have written exams, practical tests or progress tests during the lessons. The oral exam is public; anyone can attend. At the end of the exam, the professor informs you verbally of your grade and also writes it in your “Record book”. The professor will then record your grade in AlmaEsami. When you access your AlmaEsami page you will see “verbalizzato” (“recorded”) written next to the exam.

Check your page regularly, and if any exams have not been recorded, contact the professor.

Some course units are known as “integrated courses”, and have 2 or more components. As an exchange student, you may sit both the exam for a single component (obtaining only the credits for that component) or the whole integrated course.

During your exchange period, you can also take part in a curricular internship. The curricular internship offers you the chance to have work experience to complete your university training and obtain the credits laid down in your study plan. It is possible to carry out an internship outside the university (businesses, public institutions, professional firms, etc.) or in the university (laboratories, research centres, administrative departments, etc.), both in Italy and abroad. To take part in an internship, consult the specific information on your School’s website and contact the Internship Office.

To consult the list of institutions holding agreements with the university for internships and book them directly online, access the Online Student Internship Service using your username and password http://almaorienta.unibo.it/tirocini > tirocinio curriculare

These activities must also be included in your Study Plan and will be recorded in AlmaEsami. In some cases, the hosting institutions issue a further certification which details the internship (number of hours, subject, etc.). This additional documentation will not appear in the Transcript of Records.

To extend your exchange period you must request authorization from your university and from your exchange coordinator at the University of Bologna. The latter shall notify the International Relations Office of his/her approval by e-mail, at the address campusforli.uri@unibo.it. If you need one, you can obtain a new Arrival Statement with the updated period.

If you want to leave early, you just need to inform your home university.
EXTENTION OF YOUR RESIDENCE PERMIT

If you are a non-EU citizen, and need to extend your Residence Permit, you must apply for renewal at least 60 days prior to its expiry date. Contact the Exchange Students Desk for this procedure. Before leaving you must go to the International Relations Office for the Check-Out procedure. You must Check-Out in person. You cannot send a friend to do it for you! You must hand in the original copy of your Record Book, in order for the staff to check that all the exams and internships are recorded in AlmaEsami. If all exams and internships have been recorded correctly, the digital Transcript of Records will be sent immediately to your home university by e-mail. You can also download the Transcript directly from your personal homepage on AlmaRM.

If some exams have not been recorded, this does not mean that you cannot leave. The International Relations Office staff will contact the professors to obtain the records. The Transcript will be sent to your university only after all exams have been recorded. To avoid any delays, check regularly that the exams you have sat have been recorded, on AlmaEsami, and if any are missing contact the professors.

Important: do not forget to return the books borrowed from the libraries, before Check-Out.

When you leave you will also receive the statement that confirms the start and end dates of your exchange period, which you shall give to your university.

Important: the departure date on the statement corresponds to the Check-Out date!

If you need stamps on specific documents from your home university, bring them with you.

Find out promptly about any rules that your university or the institute funding your mobility applies to calculate the amount of your scholarship and bear this in mind for the Check-Out date.

With the Check-Out, you will have formally completed your exchange period and may not sit any more exams or participate in other teaching activities.

Important: if you leave without completing the Check-Out procedure, the end date will correspond to the date of the last recording of an exam or internship.

If you did not sit any exams and do not complete the Check-Out procedure, you will not receive the Exchange Period Statement.

TRANSCRIPT OF RECORDS

In order to obtain a transcript of records, all the exams you have passed must be officially recorded. Recording of an exam consists in an official statement that a student has sat an exam, obtaining a grade and a number of ECTS in a specific date, issued and signed by the professor. The transcript of records is issued in digital format, provided with digital signature and stamp and, according to Italian law, has the same legal value as the traditional paper transcript.

You can check the recordings of your exams through your personal homepage in AlmaRM – Accesso studenti or directly through AlmaEsami typing username and password. The recorded exams are marked with "verbalizzato" and the grade.

CERTIFICATION OF TEACHING ACTIVITIES NOT INCLUDED IN THE CURRICULUM
If you wish to take part in activities that are not in the course unit catalogue and which can therefore not be included in your study plan (some internships, seminars, preparation of the dissertation, etc.), you must immediately agree with the professor on how to perform them and certify them. The effective performance of these activities and an evaluation can be certified by the professors on stamped and signed headed notepaper, but cannot be recorded and will therefore not appear in your Transcript of Records. Always check that your university accepts this kind of certification.
If you need a certificate of attendance, at the start of lessons contact the professor, who will decide whether to issue you with a statement at the end of the course. In the Italian system, attendance alone is not sufficient for obtaining credits.
OTHER MOBILITY PROGRAMMES

The University of Bologna takes part in some special mobility programmes, such as Erasmus Mundus Action 2 and Science Without Borders (Brazil), which may provide students with tailored services and may be subject to special rules. DISHES AND TYPICAL SWEETS FROM ROMAGNA

PIADINA

The piadina is the so called bread of Romagna made with flour, water, salt and other ingredients of the tradition, thicker or thinner depending on the geographical area. In Forlì for example it is thicker and often our “azdora” use to add yeast among the ingredients. You will need a special testo, or pan, a sandstone slab or alternatively an iron frying pan in order to cook it. It is served folded, with what you prefer in the middle (ham, salami, cheese, “rucola”, or as a dessert, with “Nutella”)

Azdora or Arzdora the so called housewives of Romagna Ingredients:

The Recipe:

1 kilogramme of sifted white flour; 200 grammes of lard or olive oil; water, 5 grammes of sodium bicarbonate; salt.

PASSATELLI

Recipe for four people:

200 grammes of fine bread crumbs - - 200 grammes of Parmesan cheese grated lemon peel 2 or 3 eggs - nutmeg - a pinch of salt.

Blend the ingredients and knead until a consistent mixture is obtained. Using the appropriate implement (a large hand press with round holes at the bottom, similar to a garlic press), press the mixture and allow passatelli to fall into a pot of boiling broth. As soon as the passatelli begin to float, the dish is ready to be served. For a modern recipe: passatelli accompanied by a sauce made from tomatoes, bacon and “rucola” or shrimp and zucchini

ICE CREAM

The Italian ice cream is well-known all over the world, in particular the ‘ARTISAN’ ice cream. Emilia Romagna has the greatest number of ice cream parlors. Fresh ingredients such as fruit, cream, sugar and milk, are essential for an excellent ice cream
