

THE NEURO-SOCIO- DEVELOPMENTAL DISORDERS: AN INTEGRATED APPROACH

A.Y. 2023/2024
Advanced training course
TIME FRAME
MARCH-MAY 2024
APPLICATION DEADLINE
January 29th, 2024
ENROLLMENT
February 2nd – 15th, 2024

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

PRESENTATION & DIRECTION

The aim of the course is to provide useful skills in assessing individual and environmental vulnerability factors to neuro-socio-development disorders, from birth to early adulthood, also providing elements for their diagnosis and treatment.

The main recipients of the proposed training are therefore all those professionals variously involved in the identification and management of such vulnerabilities in any hospital setting or in the Community Mental Health Services: physicians, psychologists, nurses, educators, psychiatric rehabilitation therapists and other healthcare and psychosocial professionals.

The lessons, for a total of 55 hours, will take place from March to May 2024 online on Microsoft Teams.

DIRECTOR

Ilaria Tarricone
