

# CURRICULUM VITAE – DANIELE MOLININI

---

**Contact Information** Department of Philosophy (FILO), University of Bologna  
Via Zamboni, 38,  
40126 Bologna, Italy

✉ [daniele.molinini@unibo.it](mailto:daniele.molinini@unibo.it)

🌐 <https://www.unibo.it/sitoweb/daniele.molinini/en>

**ORCID iD** <https://orcid.org/0000-0001-5783-7395>

**Research Areas** Philosophy of Mathematics, Philosophy of Physics, History and Philosophy of Science.

## Employment, Education and Qualifications

---

2022–PRESENT Tenure track senior assistant professor (‘Ricercatore lettera b – RTDb’), Department of Philosophy (FILO), University of Bologna, Bologna, Italy (start date: 25/10/2022).

National Scientific Qualification (ASN) as Full Professor in the Italian higher education system for the disciplinary field 11/C2 - Logic, History and Philosophy of Science. Obtained on 13/03/2025 and valid until 13/03/2037.

2020–2022 FCT Principal Researcher (6-years contract), Centre for Philosophy of Science of the University of Lisbon (CFCUL), Department of History and Philosophy of Science, University of Lisbon, Lisbon, Portugal.

2019–2022 Adjunct Professor (‘Professore a contratto’; disciplinary field 11/C2 - Logic, History and Philosophy of science), Faculty of Philosophy, University Vita-Salute San Raffaele, Milan, Italy.

2017–2020 FCT Researcher (5-years contract), Centre for Philosophy of Science of the University of Lisbon (CFCUL), Department of History and Philosophy of Science, University of Lisbon, Lisbon, Portugal.

National Scientific Qualification (ASN) as Associate Professor in the Italian higher education system for the disciplinary field 11/C2 - Logic, History and Philosophy of Science. Obtained on 29/03/2018 and valid until 29/03/2030.

2016 Postdoctoral Researcher, Department of Philosophy, Communication and Media Studies, University of Roma Tre, Rome, Italy.

2014–2015 Research assistant (‘cultore della materia’), Department of Philosophy, Communication and Media Studies, University of Roma Tre, Rome, Italy.

2012–2013 Fernand Braudel-IFER postdoctoral fellow, LOGOS Group, University of Barcelona, Barcelona, Spain. Research areas: Philosophy of Science, Philosophy of Mathematics (research project *Testing the Viability of a Common Theoretical Framework Within Different Kinds of Mathematical Explanations in Science*).

‘Qualification aux fonctions de maître de conférences’ at the Conseil National des Universités -CNU-, France. Qualified for sections 17 (Philosophie) and 72 (Epistémologie, Histoire des Sciences et des Techniques).

- 2007–2011 Ph.D degree in Epistemology, History and Philosophy of Science, University of Paris 7 Denis Diderot, Paris, France. Date degree conferred: 18 July, 2011. Title: *Toward a Pluralist Approach to Mathematical Explanation of Physical Phenomena*. Supervisor: Marco Panza (CNRS, University of Paris 1); co-supervisor: José Antonio Díez (LOGOS Group, Universitat de Barcelona). Distinction awarded: ‘Très Honorable avec les Félicitations du Jury’ (Highly Honorable with Praises of the Jury).
- Member of the research group SPHERE-REHSEIS (UMR 7219), University of Paris 7 Denis Diderot, Paris, France.
- 2006–2007 Master 2 (equivalent to Master of Arts) in Logic Philosophy History and Sociology of Sciences (LOPHISS), University of Paris 7 Denis Diderot, Paris, France. Thesis title: *La Géographie d’Idrissi-Roger. Une Synthèse entre Orient et Occident*.
- Research Fellow, UNIVPM - Università Politecnica delle Marche, Ancona, Italy (research project *Analysis of the transcriptional maps and the variations of the functional moduli in the course of the human myeloid differentiation*).
- 1999–2005 Laurea in Fisica vecchio ordinamento (equivalent to Bachelor degree in Physics), University of Bologna, Bologna, Italy. Thesis title: *Analysis and development of computational methods for the prediction of the Coiled Coils domains in protein sequences*.

## Visiting Appointments

---

- 2022 Visiting scholar at Chapman University, Orange, California (USA). From 21/08/2022 to 16/09/2022.
- 2017–2020 Visiting scholar at School for Advanced Studies (IUSS), Pavia (Italy). From 17/12/2019 to 20/12/2019.
- Visiting scholar at Department of Philosophy Communication and Performing Arts, University of Roma Tre (Italy). From 5/06/2018 to 31/07/2018.
- Visiting scholar at Institut d’Histoire et de Philosophie des Sciences et des Techniques (IHPST), Paris (France). From 17/01/2018 to 24/01/2018.
- 2009–2010 Visiting scholar at Logic, Language and Cognition Research Group (LOGOS), Department of Philosophy, University of Barcelona (Spain). From 1/01/2009 to 31/12/2010.
- 2008 Visiting scholar at the Department of Mathematics, UNAM, Mexico City (Mexico). From 27/03/2008 to 23/04/2008.

## Fellowships and Scholarships

---

- 2019 Visiting fellowship from the School for Advanced Studies (IUSS). Scholarship covered by fundings of the eMath research project (Epistemology and Philosophy of Mathematics and Logic), Department of Humanities and Life Sciences, IUSS (Pavia, Italy).
- 2016 Postdoctoral fellowship from the Department of Philosophy, University of Rome ‘Roma Tre’ (Rome, Italy). Research project: *The Nature of Scientific Knowledge and Scientific Progress*.
- 2012–2013 Postdoctoral fellowship Fernand Braudel-IFER Outgoing from the Fondation Maison des Sciences de l’Homme (FMSH, Paris) and the European Union (Action Marie Curie -COFUND- 7th PCRD).
- 2010 Visiting fellowship (“Aides à la mobilité”) from the Ecole Doctorale ED400, University of Paris 7 Denis Diderot (Paris, France).

2008	Visiting fellowship from the ‘ECOS-Nord project for scientific interchanges between France and Mexico in the domain of history of mathematics’. Funding agency: Comité ECOS-NORD, Université Paris 13 (Paris, France).
2007–2010	Doctoral fellowship (“Allocation de recherche”) from the University Paris 7 Denis Diderot (Paris, France).
2006–2007	Research fellowship (“assegno di ricerca”) from the UNIVPM - Università Politecnica delle Marche. Research project: <i>Analysis of the transcriptional maps and the variations of the functional moduli in the course of the human myeloid differentiation</i> .
2002–2003	Erasmus scholarship from the University of Bologna (host institution: University of Paris 7 Denis Diderot, Paris, France).

## Research Grants

---

2023–PRESENT	FCT Exploratory Research Project PeX (funding for my research project PHI-ASM: <i>Philosophical Investigation of Applications of Science in Mathematics</i> ). Budget: 50.000 €. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal. Duration: 18 months (start date: 01/01/2023). Reference: 2022.06784.PTDC.
2017–2021	Starting Grant, FCT Exploratory Research Project (funding for my research project <i>Disclosing the Role of Visual Reasoning and Mathematical Diagrams in Scientific Explanation</i> ). Budget: 40.000 €. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal. Duration: 5 years (2017–2021). Reference: IF/01354/2015.

## Participation in Research Projects

---

2023–PRESENT	[role: member] <i>Science in Times of Emergency: the Role of Scientific Knowledge in Policymaking During Crises</i> . Start and end dates: 5/10/2023–4/10/2025. Principal Investigator: Mariano Croce (University of Rome La Sapienza, Rome). Project reference (PRIN 2022 PNRR): P2022ACHYA. Funding agencies: European Union, Italian Ministry of University and Research.
2023–2024	[role: <b>PI</b> ] <i>Philosophical Investigation of Applications of Science in Mathematics</i> (PHI-ASM). Start and end dates: 01/01/2023–31/08/2024. Project reference: 2022.06784.PTDC. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal.
2020–2022	[role: <b>PI</b> ] <i>Exploring the Weak Objectivity of Mathematical Knowledge</i> (EWOMK). 01/09/2020–24/10/2022 (6-years research project). Project reference: CEECIND/01827/2018. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal.  [role: member] Strategic Project of the <i>Centre for Philosophy of Science of the University of Lisbon</i> , 2020–2022. Budget: 570.000,00 €. Project reference: UID/00678/2020. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal.
2018–2021	[role: member] <i>Emergence in the Natural Sciences: Towards a New Paradigm</i> . 01/10/2018–30/09/2021. Principal Investigator: David Yates (Centre of Philosophy, University of Lisbon; david.yates@campus.ul.pt). Budget: 239.365,17 €. Project reference: PTDC/FER-HFC/30665/2017. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal.
2017–2020	[role: <b>PI</b> ] <i>Disclosing the Role of Visual Reasoning and Mathematical Diagrams in Scientific Explanation</i> , 01/01/2017–31/08/2020 (5-years research project). Budget: 40.000 €. Project reference: IF/01354/2015. Funding agency: FCT (Fundação para a Ciência e a Tecnologia), Portugal.

2016	[role: member] <i>Structures and Dynamics of Knowledge and Cognition</i> (FIRB project), 2016, Department of Philosophy, Communication and Media Studies (University of Roma Tre). Principal Investigator: Vincenzo Crupi (Università di Torino, vincenzo.crupi@unito.it). Project reference: D11J1200047001. Funding agency: MIUR (Ministry of Education, Universities and Research), Italy.
2012–2013	[role: <b>PI</b> ] <i>Testing the Viability of a Common Theoretical Framework Within Different Kinds of Mathematical Explanations in Science</i> , 01/11/2012–31/07/2013, LOGOS Group (University of Barcelona). Funding agency: Fondation Maison des Sciences de l'Homme (FMSH, Paris) and the European Union (Action Marie Curie -COFUND- 7th PCRD).
2012–2013	[role: member] <i>Representación y Explicación en la Ciencia: Analisis Monistas y Pluralistas</i> , LOGOS Group (University of Barcelona). Principal Investigator: José Antonio Díez (LOGOS Group Università di Barcellona, jose.diez@ub.edu). Project reference: FFI2012-37354. Funding agency: Ministerio de Ciencia e Innovación, Spain.
2009–2010	[role: member] <i>Representación y Explicación en la Ciencia: Analisis Inherentistas y Funcionales</i> . LOGOS Group (University of Barcelona). Principal Investigator: José Antonio Díez (LOGOS Group Università di Barcellona, jose.diez@ub.edu). Project reference: FFI2008-01580. Funding agency: Ministerio de Ciencia e Innovación, Spain.
2008	[role: member] <i>ECOS-Nord project for scientific interchanges between France and Mexico in the domain of history of mathematics</i> , UNAM, Mexico City, Mexico, March-April 2008. Principal Investigators: Carlos Álvarez Jiménez (UNAM, alvarji@servidor.unam.mx), Marco Panza (CNRS, marco.panza@univ-paris1.fr). Project reference: M04H01. Funding agency: Comité ECOS-NORD Université Paris 13, France.
2006–2007	[role: member] <i>Analysis of the transcriptional maps and the variations of the functional moduli in the course of the human myeloid differentiation</i> , Università Politecnica delle Marche, from 16 June 2006 to 15 June 2007. Principal Investigator: Giovanni Principato (UNIVPM, principato@univpm.it). Funding agency: MIUR (Ministry of Education, Universities and Research), Italy.

---

## Prizes

2021	Winner of the Prize DHFC 2021 ( <i>Prémio Departamento de História e Filosofia das Ciências 2021</i> ) with the paper “The Unreasonable Effectiveness of Physics in Mathematics” (500 €).
------	---

---

## Academic Service

2017–2022	Member of the PhD Academic Board, Doctoral Programme in History and Philosophy of Science (Department of History and Philosophy of Science, University of Lisbon, Portugal). Responsible for the PhD course ‘Epistemology and Philosophy of Science in the 20th Century’ (36 hours; 6.0 credits).
-----------	---

---

## Teaching

2022–PRESENT	– <b>Department of Philosophy, University of Bologna</b> (Bologna, Italy):  [2024–present] ‘Themes and Philosophical Problems (module b: Philosophy of Science)’ (5 hours; 1.0 credit). Percorso abilitante in A018 - Filosofia e Scienze Umane.  [2023–present] ‘Philosophy of Physics’ (30 hours; 6 credits), Second cycle degree programme (LM) in Philosophical Sciences.
--------------	---

[2022–present] Seminar ‘Numbers, elephants, reality: mathematical representation and explanation’ (30 hours; 6 credits), First cycle degree programme (L) in Philosophy.

[2022/2023] ‘Philosophy of Social Sciences’ (30 hours; 6 credits), Second cycle degree programme (LM) in Philosophical Sciences.

2017–2022

– **Faculty of Philosophy, University Vita-Salute San Raffaele** (Milan, Italy):

[2019-2022] ‘History of Science’ (36 hours; 6.0 credits), Bachelor of Philosophy.

– **Department of History and Philosophy of Science, University of Lisbon** (Lisbon, Portugal):

[2017-2022] ‘Epistemology and Philosophy of Science in the 20th Century’ (36 hours; 6.0 credits), Doctoral Programme in History and Philosophy of Science.

[2017-2022] ‘Epistemology and Philosophy of Science in the 20th Century’ (36 hours; 6.0 credits), Master in History and Philosophy of Science.

#### Refereeing for Funding Agencies

---

Swiss National Science Foundation (SNSF): evaluator SNSF Postdoc.Mobility fellowships.

#### Peer Review Activity

---

Reviewer for the following Journals: *The British Journal for the Philosophy of Science*, *Philosophy of Science*, *Mind*, *The Philosophical Quarterly*, *Erkenntnis*, *European Journal for Philosophy of Science*, *Mathematical Reviews*, *International Studies in the Philosophy of Science*, *Philosophia Scientiae*, *Theoria. An International Journal for Theory, History and Foundations of Science*, *Kairos. Journal of Philosophy & Science*

#### Publications

---

INVITED TALKS

- (1) “Mapping-Based Accounts of Applicability and Converse Applications”, Annual Bergen Philosophy of Science Workshop, Department of Philosophy, University of Bergen, Bergen, Norway, December 6, 2024.
- (2) “Math and science: successful applicability runs both ways”, Taller de Posgrado FICIRE (Red de Filosofía de la Ciencia), Department of Philosophy, University of Valladolid, Valladolid, Spain, June 11, 2024.
- (3) “Successful applicability runs both ways”, OCIE Seminar in the History and Philosophy of Mathematics and Logic, Chapman University, Orange (CA, United States), September 9, 2022.
- (4) “On Archimedes’ mechanical method in mathematics: a new way of practicing mathematics or just another stroke of mathematical genius?”, National Meeting of the SPM (Sociedade Portuguesa de Matemática), meeting held online, July 12, 2021.
- (5) “Magic of mind-over-matter and matter-over-mind magic”, Department of History and Philosophy of Science, University of Lisbon, Lisbon, Portugal, meeting held online, May 25, 2021.
- (6) “Does matter really matter to numbers? The role of conservations laws in applications of physics to mathematics”, Ghent-Brussels Seminars in Logic, History and Philosophy of Science, Centre for Logic and Philosophy of Science, Free University of Brussels, Brussels, Belgium, October 29, 2020.
- (7) “Sull’applicabilità della matematica: moltiplicatori di Lagrange e prospettive sul dibattito”, Department of Mathematics and Physics, University of Roma Tre, Rome, Italy, January 10, 2020.

- (8) “The Applicability of Mathematics: Philosophical Issues”, IUSS (Istituto Universitario di Studi Superiori), Pavia, Italy, December 19, 2019.
- (9) “Applications: examples from pre-Euclidean and post-Euclidean Mathematics”, IUSS (Istituto Universitario di Studi Superiori), Pavia, Italy, December 17, 2019.
- (10) “Applications and Applicabilities”, Séminaire Mathématiques appliquées, Laboratoire SPHERE, University Paris 7, Paris, France, November 18, 2019.
- (11) “Ecco perché (secondo alcuni) i numeri esistono!”, conference Matematica e filosofia per un nuovo percorso formativo, Department of Mathematics, University of Salerno, Salerno, Italy, June 6, 2019.
- (12) “Il perché di un perché matematico”, conference Matematica e filosofia per un nuovo percorso formativo, Department of Mathematics, University of Salerno, Salerno, Italy, June 7, 2018.
- (13) “History and philosophy in action: The case of the Lagrange Multipliers”, Jornadas do Departamento de História e Filosofia das Ciências, Department of History and Philosophy of Sciences, University of Lisbon, Lisbon, Portugal, June 1, 2018.
- (14) “Ontological Parsimony can be Pricey”, workshop Mathematical and Metaphysical Explanations: New Perspectives, Institute of History and Philosophy of Sciences and Techniques (IHPST), Paris, February 2, 2017.
- (15) “Is explanatory indispensability really indispensable?”, Logic and Philosophy of Mathematical Practices, meeting SRP, MEC Seminar, Brussels, February 19, 2016.
- (16) “Numeri, Elefanti e Scienza: la ricerca filosofica di una ragionevole irragionevolezza”, Philosophy of Science Seminar, University of Florence, Department of Philosophy, Florence, May 15, 2015.
- (17) “Towards a weakly monistic, not-radically pluralistic, account of mathematical explanation in science”, WIP Seminar, University of Roma Tre, Department of Philosophy, Rome, December 10, 2014.
- (18) “A reason for a mathematical reason? The problem of mathematical explanation in science and in mathematics.”, Philosophy of Mind and Language Seminar, University of Milan, Department of Philosophy, Milan, December 5, 2014.
- (19) “Explaining Explanation(s)”, Cogito Research Centre in Philosophy Seminar, University of Bologna, Department of Philosophy, Bologna, July 8, 2013.
- (20) “Evidence, Explanation, Enhanced Indispensability”, Workshop *Indispensability and Explanation*, IHPST, Paris, November 19, 2012.
- (21) “Is there something reasonable in this unreasonable effectiveness?”, *Proyecto de Excelencia ‘Estudios sobre historia y filosofía de las ciencias físicas y matemáticas’*, University of Sevilla, Sevilla, July 2, 2009.
- (22) “How do we explain mathematical explanation of scientific facts?”, *Philosophy of Mathematics Seminar*, UNAM, Mexico City, April 10, 2008.
- (23) “A perspective of continuity. Transmission and production of scientific knowledge at the court of Roger II of Sicily”, *Les Sciences Mathématiques à l’Age Moderne*, Congress of the Italian Society of History of Mathematics, Institut Henri Poincaré, Paris, October 25, 2007.

TALKS WITH PAPER  
ACCEPTED

- (24) “Converse applications and the inferential conception of applied mathematics”, 17th edition of the International Congress on Logic, Methodology and Philosophy of Science and Technology (CLMPST 2023), Buenos Aires, Argentina, July 29, 2023.

- (25) “Mapping-based accounts of applicability and converse applications”, 4th Lisbon International Conference on Philosophy of Science (LICPOS 2023), University of Lisbon, Lisbon, July 14, 2023.
- (26) “Proof validity in historical perspective”, Hi-Phi International Conference, Department of History and Philosophy of Science, University of Lisbon, Lisbon, Portugal, June 23, 2022.
- (27) “Mathematical concepts as conceptual mediators”, 29th Novembertagung on the History of Mathematics (History of Mathematical Concepts and Conceptual History of Mathematics), Instituto de Matematicas de la Universidad de Sevilla (IMUS), University of Sevilla, Sevilla, November 28, 2018.
- (28) “Mathematics *in* (and *for*) application: the case of Lagrange multipliers ”, Workshop Mathematics and Mechanics in the Newtonian Age: Historical and Philosophical Questions, University of Sevilla, Sevilla, September 20, 2017.
- (29) “Mathematical Generosity and Ontological Parsimony”, SILFS 2017 Triennial International Conference, Bologna University, Bologna, June 21, 2017.
- (30) “The Case of the Logical Special Relativity Project and the Ontological Status of Mathematical Objects”, EBL 2014 - 17th Brazilian Logic Conference, National Laboratory for Scientific Computing (LNCC), Petropolis, Rio de Janeiro, Brazil, April 9, 2014.
- (31) “How Visualization can (help) Answer(ing) Why”, Workshop on Beauty and Explanation in Mathematics (WBEM), Umea University, Umea, Sweden, March 12, 2014.
- (32) “A New Approach to Mathematical Explanation(s) in Science”, 4th Conference of The European Philosophy of Science Association (EPSA), Helsinki, Finland, August 30, 2013.
- (33) “Towards a New, Pluralist and Pragmatic, Approach to Mathematical Explanation(s)”, SILFS Conference, Urbino, May 30, 2013.
- (34) “A Symmetry in the Asymmetry: How explanatory asymmetries might shed light on explanations (in science and in society)”, *Science, Philosophie, Société*, IVe Congrès de la Société de Philosophie des Sciences (SPS), Université du Québec, Montréal, Canada, June 2, 2012.
- (35) “What’s the Matter with the Deductive Nomological Model?”, annual conference of the Canadian Society for the History and Philosophy of Science (CSHPS), University of Waterloo, Waterloo, Canada, May 29, 2012.
- (36) “Using Numbers to Drive in Nails”, *First SLMFCE Graduate Conference*, University of Granada, Granada, Spain, September 30, 2010.
- (37) “A Practice Driven approach to MEPP in terms of Conceptual Tools and Conceptual Resources”, *Understanding and the Aims of Science*, Lorentz Center, Leiden, The Netherlands, June 1, 2010.
- (38) “Understanding, Visualizability and Mathematical Explanation”, *CERME 6 - Sixth Conference of European Research in Mathematics Education*, Lyon, France, January 29, 2009.
- (39) “Learning about Mathematical Explanation in Physics from the History of Mathematics”, *19th Novembertagung*, Sominstationen, Holbaek, Denmark, November 6, 2008.
- (40) “The First Sicilian School of Translators”, Segundo Congreso Internacional de Estudios Clásicos en México, Centro de Estudios Clásicos, UNAM (Universidad Nacional Autónoma de México), Mexico City, Mexico, September 10, 2008.
- (41) “Prediction of structurally-determined coiled-coil domains with hidden Markov models”, *BIRD - 1st International Conference on Bioinformatics: Research and Development*, Berlin, Germany, March 12-14, 2007.

(2024) Member of the organizing committee of the *7th International Meeting of the Association for the Philosophy of Mathematical Practice* (<https://sites.google.com/view/apmp2024iuss/home>). The conference was held in Pavia, at the School for Advanced Studies (IUSS), from June 18 to June 20, 2024.

(2023) Member of the local organizing committee of the *10th Philosophy of Medicine Roundtable*. The conference was held in Bologna, at the Department of Philosophy of the University of Bologna, from June 7 to June 9, 2023.

(2023) Co-organizer, with Raffaella Campaner and Francesco Bianchini, of the seminar series *Models, Science, Explanation (MOSE)* at the Department of Philosophy, University of Bologna.

(2022) Member of the Scientific Committee of the *Hi-Phi (History and Philosophy of Sciences) International Conference*, organized by the Interuniversity Centre for the History of Sciences and Technology (CIUHCT) and the Centre for Philosophy of Science of the University of Lisbon (CFCUL). The conference was held in Lisbon on June 23–24, 2022.

(2022) Co-organizer, with Samuel Gessner (CIUHCT, University of Lisbon), of the seminar series *Mathematical Cultures*, Department of History and Philosophy of Science, University of Lisbon.

(2018–2022) Co-organizer of the seminars within the project FCT *Emergence in the Natural Sciences: Towards a New Paradigm*, CFCUL, Department of History and Philosophy of Science, University of Lisbon.

(2017–2022) Co-organizer of the Reasoning Seminar (Epistemology & Methodology; Philosophy of the Formal Sciences), CFCUL, Department of History and Philosophy of Science, University of Lisbon.

(2013–2016) Co-organizer of the reading group WIP (Philosophy of Science), Department of Philosophy, Communication and Media Studies, University of Rome ‘Roma Tre’.

(2012–2013) Co-organizer of the reading group *Scientific Realism and Causality (SRC)*, LOGOS Group, Department of Philosophy, University of Barcelona.

(2011–2012) Co-organizer of the workshop *Mathematical and Geometrical Explanations in Physics*, UAB (Autonomous University of Barcelona), Barcelona, March 9–10, 2012.

(2011–2012) Co-organizer of the reading group *Scientific Realism (SR)*, LOGOS Group, Department of Philosophy, University of Barcelona.

British Society for the Philosophy of Science (BSPS)

Philosophy of Science Association (PSA)

Società Italiana di Logica e Filosofia delle Scienze (SILFS)

FilMat – Italian Network for Philosophy of Mathematics

Association for the Philosophy of Mathematical Practice (APMP)

Société de Philosophie des Sciences (SPS)

Società Italiana di Storia delle Matematiche (SISM)

Sociedad de Lógica, Metodología y Filosofía de la Ciencia en España (SLMFCE)

- Mother tongue: Italian
- English: fluent (speaking, reading, writing)
- French: fluent (speaking, reading, writing)
- Spanish: fluent (speaking, reading, writing)
- Portuguese: basic reading and speaking knowledge
