

# (Short) CV of Enrico Malizia PhD

(updated June 2024)

## PERSONAL INFORMATION

Family name, First name: *Malizia, Enrico*

Researcher unique identifiers: *ORCID: 0000-0002-6780-4711; Scopus Author ID: 36551220000*

DBLP page: <https://dblp.uni-trier.de/pid/01/4274.html>

Google Scholar page: <https://scholar.google.com/citations?user=bWxAXwYAAAAJ>

**Current Position:** Associate Professor, Dept. of Computer Science & Engineering (DISI), University of Bologna, Italy

**Research Interests:** Artificial Intelligence, Knowledge Representation and Reasoning, Computational Complexity, Theoretical Computer Science, Computational Game Theory & Social Choice, and Algorithms on (Hyper)Graphs

## EDUCATION

Nov. 2006 – Jan. 2010	“Dottorato di Ricerca” degree (PhD) in Computer and Systems Engineering, University of Calabria, Italy.
Oct. 2003 – Apr. 2006	“Laurea Specialistica” degree, <i>Summa cum Laude</i> , (Two-year MSc, first class honours) in Computer Engineering, University of Calabria, Italy.
Oct. 2000 – Sep. 2003	“Laurea” degree, <i>Summa cum Laude</i> , (Three-year BSc, first class honours) in Computer Engineering, University of Calabria, Italy.

## ACADEMIC POSITIONS

Jan. 2024 – current	Associate Professor, DISI, University of Bologna, Italy.
Jan. 2021 – Dec. 2023	Senior Assistant Professor, DISI, University of Bologna, Italy.
Feb. 2020 – Dec. 2020	Assistant Professor, Dept. of Informatics, King’s College London, UK.
Oct. 2017 – Jan. 2020	Assistant Professor, Dept. of Computer Science, University of Exeter, UK.
Nov. 2014 – Sep. 2017	Post-doc Research Assistant, Dept. of Computer Science, University of Oxford, UK.
Jun. 2012 – Nov. 2014	Post-doc Visiting Scientist, Dept. of Computer Science, University of Oxford, UK.
Sep. 2011 – Dec. 2013	Fellowship for a Post-doctoral position, DIMES, University of Calabria, Italy.
Nov. 2009 – Aug. 2011	Post-doc Research Assistant, DIMES, University of Calabria, Italy.
Nov. 2006 – Nov. 2009	PhD Student, DIMES, University of Calabria, Italy.
May 2006 – Dec. 2006	Research Assistant, DIMES, University of Calabria, Italy.

## ACADEMIC AND PROFESSIONAL HABILITATIONS AND RECOGNITIONS

Feb. 2022	Habilitation as Associate Professor in Italy for the area 09/H1 – Information processing systems
Jan. 2020	Habilitation as Associate Professor in Italy for the area 01/B1 – Informatics
Jan. 2020	Fellowship of the Higher Education Academy (FHEA), UK
Mar. 2018	Habilitation as Lecturer/Assistant Professor in Catalonia, Spain
2006	Chartered Engineer in Italy for the area Information Technology

## TEACHING EXPERIENCE

### Teaching at the University of Calabria, Italy

Teaching assistant for the following courses and academic years:

- *Theoretical Computer Science*, undergraduate & graduate course, 2006 – 2012.
- *Artificial Intelligence*, graduate course, 2006 – 2012.
- *Formal Languages and Compilers*, undergraduate course, 2010/2011.
- *Computability and Complexity*, undergraduate course, 2006 – 2010.
- *Computer Architectures*, post-graduate course, 2006/2007.

### Teaching at the University of Oxford, UK

Teaching assistant for the following course and academic year:

- *Theory of data and knowledge bases*, undergraduate, graduate, & PhD, course, 2015/2016.

### Teaching at the University of Exeter, UK

Lecturer/Module leader for the following courses and academic years:

- *Computer Languages and Representations*, undergraduate course, 2017 – 2020
  - 2017 – 2019: taught two third of the module, more specifically, the parts on logic programming and Prolog, formal languages and finite-state automata
  - 2019/2020: module leader
- *Computability and Complexity*, undergraduate course, 2018 – 2020 (module leader).
- *Logic, Ontologies and Knowledge Representation*, graduate course, 2018/2019 (module leader).

### Teaching at King's College London, UK

Lecturer for the following courses and academic years:

- *Elementary Logic with Applications*, undergraduate course, 2020/2021 (taught the second half of the module, more specifically, the parts on first-order logic and introduction to logic programming).

### Teaching at the University of Bologna, Italy

Module leader for the following courses and academic years:

- *Algorithms and Data Structure in Biology* (taught in English), undergraduate course, 2020 – 2024.
- *Network, Security, and Databases*, (taught in English), undergraduate course, 2023/2024 (taught the second part of the course, more specifically, the parts on Computational Complexity, Cryptography, and Computational Learning Theory)

## RESEARCH FUNDING

Dec. 2023 – Nov. 2025	co-Investigator of the Italian MUR PRIN grant P2022KHTX7 “DISTORT: Dynamic Dis-information Networks: Where is the Truth?”, with the role of Team & Research Leader (Responsabile Unità Locale) of the University of Bologna Research Team—research project approved by MUR with D.D. n. 1382 del 1 Settembre 2023.
Sep. 2011 – Dec. 2013	Fellowship for a post-doctoral position awarded to my research proposal “Computational complexity of solution concepts related problems in compact coalitional games”, funded by the European Commission and the Calabria Region (Italy). <i>My research proposal was ranked in the top 10% proposals among all participants.</i>

## SERVICE EXPERIENCE

### Institutional & departmental support roles

2020/2021	Coordinator of the academic module for the final project (dissertation/thesis) for all the Computer Science-related MSc programmes of the Department of Informatics at King's College London, UK (more specifically, MSc in: Advanced Computing, Advanced Software Engineering, Artificial Intelligence, Cybersecurity, Computational Finance, and Data Science)
2020/2021	Academic Tutor providing pastoral care and academic support to a group of tutees (graduates & undergraduates students), at the Department of Informatics, King's College London, UK
2018/2019	Academic Tutor providing pastoral care and academic support to a group of tutees (undergraduate students), at the Department of Computer Science, University of Exeter, UK
2017/2018	Academic Tutor providing pastoral care and academic support to a group of tutees (undergraduate students), at the Department of Computer Science, University of Exeter, UK

### PhD examiner & faculty board roles

Since 2022	Member of the Faculty Board (collegio docenti) of the Doctoral Programme in Information and Communication Technologies for the academic years 2022/2023 and 2023/2024, at DIMES, University of Calabria, Italy
Sep. 2021	Committee member for a PhD Final Exam, DIMES, University of Calabria, Italy
Oct. 2020	Committee chair for a PhD Upgrade Exam, Department of Informatics, King's College London, UK

### Editorial/reviewer roles

- Guest editor of the special issue on “*Reasoning with Inconsistent, Incomplete, and Uncertain Knowledge*” of the journal *IEEE Intelligent Systems* (Volume: 37; Issue: 6).
- Served, or serving, as reviewer for journals:
  - Artificial Intelligence
  - Theoretical Computer Science
  - European Journal of Operational Research
  - Journal of Systems and Software
  - Journal of Logics and their Applications
- Served, or serving, as programme committee member:
  - Member of the IJCAI Program Committee Board for the period 2022-2024
  - Senior PC member:
    - \* IJCAI 2021, 2020;
    - \* AAI 2022, 2021
  - PC member:
    - \* ECAI 2024;
    - \* ICTCS 2024;
    - \* KR 2020;
    - \* IJCAI 2019, 2018, 2017, 2016, 2015.
- Served, or serving, as reviewer in various conferences and workshops:
  - IJCAI 2024, 2023, 2022, 2021, 2020, 2019, 2018, 2017, 2016, 2015, 2009
  - ECAI 2024
  - AAI 2022, 2021, 2011, 2007
  - PODS 2021
  - KR 2020
  - ICALP 2014
  - MFCS 2013
  - ECAI 2012
  - AAMAS 2012, 2008
  - IAT 2013, 2010, 2008, 2007, 2006
  - DL 2007

## OTHER SCIENTIFIC ACTIVITIES

### Academic supervisor roles

2019/2020	Supervised 5 BSc dissertations, at the Department of Informatics, King's College London, UK Supervised 1 BSc dissertation, at the Department of Computer Science, University of Exeter, UK
2018/2019	Supervised 4 BSc dissertations, at the Department of Computer Science, University of Exeter, UK co-Supervised 2 MSc dissertations, at the University of Exeter Business School, UK

### Seminars and short courses

Nov. 2023	"The Hypergraph Transversal Problem", DIAPASoN Seminar, DISI, University of Bologna, Italy.
Nov. 2021	"The Hypergraph Transversal Problem", RAP Seminar, Dept. of Informatics, King's College London, UK.
Aug. 2019	"The Hypergraph Transversal Problem", seminar at the Samsung AI Center, Cambridge, UK.
Oct. 2018	"Combinatorial Preference Aggregation via Global Voting over ( $m$ )CP-nets", seminar at the Dept. of Computer Science, University of Oxford, UK.
Mar. 2018	Short course (12 hours) "Game Theory for Multi-Agent System" for the PhD Programme in "Information and Communication Technologies" at DIMES, University of Calabria, Italy. The course was comprised of four lectures on the following topics: "Introduction to Game Theory and Strategic Games", "Extensive Games", "Coalitional Games", and "Social Choice".

### Talks and presentations at conferences

Dec. 2022	"Pareto and Majority Voting in mCP-nets", and "Explanations for Negative Query Answers under Existential Rules", talks at the 21st International Conference of the Italian Association for Artificial Intelligence (AIXIA 2022), Udine, Italy.
Jun. 2022	"Query Answer Explanations under Existential Rules", "Explanations for Inconsistency-Tolerant Query Answering under Existential Rules", and "Complexity of Inconsistency-Tolerant Query Answering in Datalog $_{+/-}$ under Cardinality-Based Repairs", talks at the 30th Symposium on Advanced Database System (SEBD 2022), Tirrenia (Pisa), Italy.
Jul. 2018	"More complexity results about reasoning over ( $m$ )CP-nets", talk at the 17th International Conference on Autonomous Agents and Multiagent Systems (AAMAS 2018), Stockholm, Sweden.
Feb. 2016	"On the complexity of $m$ CP-Nets", talk at the 30th AAAI Conference on Artificial Intelligence (AAAI-16), Phoenix, Arizona, USA.
Aug. 2012	"Hard and easy $k$ -typed compact coalitional games: The knowledge of player types marks the boundary", talk at the 20th European Conference on Artificial Intelligence (ECAI 2012), Montpellier, France.
Jul. 2011	"On the complexity of the core over coalition structures", poster presentation at the 22nd International Joint Conference on Artificial Intelligence (IJCAI-11), Barcelona, Spain.
Jul. 2009	"On the complexity of compact coalitional games", talk at the 21st International Joint Conference on Artificial Intelligence (IJCAI-09), Pasadena, California, USA.
May 2009	"Constrained coalitional games: formal framework, properties, and complexity results", poster presentation, at the 8th International Conference on Autonomous Agents and Multiagent Systems (AAMAS 2009), Budapest, Hungary.
