

## GIUSEPPE LA FAUCI

Advanced designer/Jr. Architect  
Italy

### Personal Data

Date of birth: 07/09/1993  
City: Bologna  
Address: Via G. Ciamician 4  
Driving licence: B, A3

### Contacts

#### Email

giuseppe.lafauci3@studio.unibo.it  
lafauci\_g@yahoo.com

#### Telephone

+39 348 8854956

### Languages

Italian: Mother tongue  
English: Good, B2

### Professional goals

I consider myself a methodical and precise person. My passion is related to the automotive field, especially in the motorcycle area and the experience accumulated in these years focused on materials, mixed with the know-how linked to good design, gave me a solid background to be able to approach the world of product design.

## Education

2021	—	Master's Degree in Advanced Product Design 110/110L <u>Alma Mater Studiorum - Università di Bologna</u>
2018	—	Bachelor's Degree in Science of Architecture 103/110 <u>Università Mediterranea degli studi di Reggio Calabria</u>
2013	—	Scientific High School Diploma <u>Liceo Scientifico Statale G. Sequenza, Messina</u>

## Experiences

2020/21	—	Internship in DICAM, Alma Mater Studiorum Research activity on the individual sports protection field. Study and mechanical tests (Impacts damping) for the application of Non Newtonian fluids in the off-road motorcycle protection field.
2015/18	—	Working Collaboration with Scattareggia Motorsport Study and use of fluid dynamics and energy analysis software (CAE) on internal combustion propulsion systems for racing cars. Specialization on intake systems with N/A engines.

## Sw Skills

• Autodesk AutoCad	Excellent knowledge	• Adobe Illustrator	Basic knowledge
• Autodesk Alias Autostudio	Good knowledge	• Adobe XD	Excellent knowledge
• Autodesk Fusion 360	Excellent knowledge	• Movavi	Excellent knowledge
• Autodesk Speedform	Good knowledge	• Keyshot	Good knowledge
• Adobe Photoshop	Good knowledge	• QGIS	Good knowledge
• Adobe InDesign	Excellent knowledge	• Office	Good knowledge

## Soft Skills

• Leadership	I like to have control of the project
• Teamwork	I'm good at finding compromises in the team
• Autonomy	I like to create my own work plan
• Precision	I like to reach the highest level of accuracy
