12/2019-04/2020

·Practical Experience·

Investigation

Member, *Euro-Mediterranean Urban Voids Ecology (EMUVE unit)*

09/2018-09/2019

- ✓ investigated urban voids and its social impacts of deprivation, degradation and abandonment in European cities (especially in Palermo, Italy and Berlin, German).
- ✓ Studied in the Albergheria district (Palermo, Italy) in person, analyzed the complex status of the intervention site under migration crisis and put forward design proposal.
- ✓ Longitudinal Section drawing from my proposal was quoted in a published journal (Federico, W. B. and Oscar, B. G. 2020. The production of international urban landscapes, a multi-scalar approach: the case of Ballaro, Palermo, *Urban Design International* 25, pp. 250-265)

Team leader, *National Student's Platform for Innovation and Entrepreneurship Training Program*

09/2015-05/2016

- ✓ Carried out the investigation on energy saving of rural residence in North Fujian, conducted field survey and visited typical residences (such as Wufu Town, Mawei Village);
- ✓ Studied the inside and outside space of buildings, analyzed the energy-saving defects, optimized the improvement program, used the energy-saving software for simulation and comparison, and made suitable energy-saving residential projects by combining with the characteristics of local climate and environment;
- ✓ Won the provincial "Excellence Award" on house renovation project.

Projects in Ronald Lu & Partners

12/2019-04/2020

Participated in projects of The Public University of Hong Kong, Shenzhen Landmark Hotel, Hong Kong-Shenzhen Huanggang customs clearance port (bidding project), etc. Among them, projects such as "Only Henan" large tourist center and commercial plaza have been completed and built.

Publications

The Restrictions of Building Sites: Positive or Negative? — Analysis of the MAXXI: 21st Century Museum of Art in Italy Journal of Progress in Civil Engineering Vol.3, Issue.4. 05/2021

Academic achievements are cited and published in URBAN DESIGN International: Federico, W. B. and Oscar, B. G. 2020. The production of international urban landscapes, a multi-scalar approach: the case of Ballaro, Palermo, Urban Design International 25, pp. 250-265. 04/2020
